Rescue Train Travels Hidden Rails

ALMOST STALLED by depth of water which looms ahead in picture, this CPR rescue train managed to get Harrison Mills, B.C., flood victims to Mission and Vancouver. Flood created huge lakes on either side of right-of-way and completely covered rails.

Tiny Island Abandoned To Fraser Flood Waters

COST-OF-LIVING IS NOW HIGHEST YET

OTTAWA, June 4.—(CP)—The official cost-of-living index jumped 1.7 points between April 1 and May 1 to touch a new peak of 153.3, the Dominion Bureau of Statistics reported today.

The Bureau attributed the rise to substantial increases in the prices of meat and vegetables. While meat and vegetables advanced, citrus fruits and some other foods declined. The food sub-index went up from 186.8 at April 1 to 191.2 at May 1.

A year ago the main index, calculated on the basis that 1935-39 equals 100, stood at 153.3. The rise since the outbreak of war has been 52.7 points.

Helicopters to Help Map Canada's North

Revolutionizing methods of mapping Canada's northland wilderness, helicopters will be used for surveys this summer for the first time.

Use of the flying "windmills" is expected to cut to a fraction the time and effort required in conventional ground surveys.

Dominion department of Mines and Resources is pioneering in a new survey field through use of helicopters.

LEFT CITY TODAY

Headed by H. N. Spence, a topographical mapping party of nine left Edmonton today for the Mayo district in the Yukon.

The helicopter party will use a being shipped up the west coast to Skagway and will fly under its own power to the interior.

A second geodetic party will conduct a survey by helicopter to a distance of 25 miles on each side of the Alaska Highway.

There are 26 men in this party under the direction of E. P. Stora.

Elizabeth A Mother In October

Buckingham Palace Announces Princess Expecting a Baby

LONDON, June 4.—(Reuters)—Buckingham Palace disclosed tonight that Princess Elizabeth, 22-year-old heiress presumptive to the throne, is expecting a baby.

The announcement said the Princess would undertake no further engagements after June—traditional formula for announcing an impending birth in the Royal Family.

SECOND IN LINE

It was expected the child would be born about the middle of October. It will be second in line of succession to the throne of its grandfather, the King.

Today's announcement comes six months and 15 days after the wedding of the Princess to the 23-year-old Duke of Edinburgh—an event which brought a brief, exciting day of color to the sombre tones of post-war Britain and stirred world imagination.

Strong rumors had been circulating in Britain and overseas for the last three months that the Princess is pregnant.

POSITION UNALTERED

The position of children born to Princess Elizabeth is not altered by the fact that she is heiress presumptive to the throne, as the law does not exclude the possibility of the birth of a son to the King.

Princesses do not transmit any issue their children. But Cyril Hankinson, editor of Debut's Peerage, said last autumn that by right of their father any children of the couple will be known as Prince or Princess of Edinburgh.

In addition, Prince Elizabeth should have sons when she accedes to the throne, the eldest automatically becoming Prince of Wales and Cornwall in the Peerage of England and the Duke of Rothesay in the Peerage of Scotland.

Northwest U.S. Floods Worse

PORTLAND, Ore., June 4.—(AP)—Unbridled waters churned today through soggy, snow-melted dikes on the northwest United States' far flung flood front. More strained dikes in thousands of sandbags, a new crest was rolling down.

Reinforcements rushed to soggy dikes in the Columbia, far up in the mountains where the blazing sun too quickly changed the deep snowpack into run-off water. The Snake river, main Columbia tributary, also swelled.

In Washington state, the situation in the Longview - Kelso area 65 miles upriver was almost as bad. Nearly 5,000 men, including 100 fresh soldiers, labored on soggy dikes, their schedule 100,000 sandbags each day.

The fresh flood crest was surging in the Columbia, far up in the mountains where the blazing sun too quickly changed the deep snowpack into run-off water. The Snake river, main Columbia tributary, also swelled.

\$6 Million, 15 Storey Hotel to be Built Here

Building to Start In Early Future

A \$6,000,000, 15-storey, 540-room hotel will be built in Edmonton in the immediate future.

It will be located on the north half of the block between 99 and 100 streets, and the lane north of 102 avenue.

The Glendon Development Co., Montreal, headed by Col. John C. Boright, is the building company.

City council at a special meeting Thursday authorized sale of seven lots for the hotel site. The sale price was \$150,000.

This site is at present occupied by the Qu-A-Melle block and a cluster of other buildings, including the baby creche.

City commissioners have approached the provincial government, owners of the Qu-A-Melle block, and have been informed the government intends to vacate the building shortly and move staffs to the Williamson block.

The Town Planning Commission has agreed to rezone the property to permit erection of the hotel on the civic centre.

First reading was given the rezoning bylaw by council. It will be sent to the provincial town planner for approval.

It is understood this approval will be granted with the least possible delay.

The rezoning bylaw stipulates the hotel building must be approved by city council as to architectural design, height, materials, yards and courts, site-area and other details.

On the west side of the civic centre immediately north of the court house the Workmen's Compensation Board intends to erect an office building costing approximately \$1,000,000.

The property immediately south of the court house was recently purchased by the provincial government as the site for an extension to the court house.

Locating the hotel on this site will necessitate revision of tentative plans for the civic centre.

It is now proposed to locate the Federal building on the Market Square. This will be a 13-storey structure costing an estimated \$4,000,000.

The city hall, estimated to cost \$1,000,000, will be erected on the site now occupied by the New Star Building, then situated south of the hotel site.

On the west side of the civic centre immediately north of the court house the Workmen's Compensation Board intends to erect an office building costing approximately \$1,000,000.

Assessment on Leduc Oil Lands \$15,585,000

Assessment of Leduc area oil wells taxable under the Alberta Mineral Taxation Act totals \$15,585,000 according to the assessment roll now posted in the department of lands and mines.

This figure does not include any valuation on wells producing on property leased from the crown, which pay a 12½ per cent royalty on production.

The assessment roll, open for public inspection lists the assessed valuation of Turner Valley at more than \$17,900,000.

One 40-acre legal subdivision on which are two producing wells is assessed at \$283,000 and the assessment on two other quarter-sections is given as \$213,568.

Officials of the department said mill rate on which the Mineral Tax would be paid was set at eight mills a year ago.

This year no mill-rate has been set.

Amount of tax will be made known following hearings of the board of revision to hear assessment appeals.

The board of revision to hear appeals on Leduc-Calgary assessments will sit on June 30, it was announced today.

Holders of rights on lands bordering on the producing area in the field are assessed a nominal \$1 an acre per year.

The Petroleum and Natural Gas Conservation board collects a small tax from each well in addition. The money thus raised is used to pay the expenses of the operations of the board.

Lewis To Resume Contract Talks

WASHINGTON, June 4.—(AP)—John L. Lewis today bowed to a federal court order directing him to bargain over contract with the Southern Coal Producers' Association.

The United Mine Workers' chief announced through his lawyers that he would be ready to resume contract talks with coal operators including the Southern group, tomorrow afternoon.

FRANKLIN RELEASED

BERLIN, June 4.—(AP)—Dr. Harry L. Franklin, political official of the American military government, was released by the Russians yesterday after more than 16 hours as a prisoner.

WILHELMINA QUILTS THRONE ON SEPT. 4

THE HAGUE, June 4.—(RUP)—The official gazette today fixed Sept. 4 as the date for the abdication of Queen Wilhelmina and the assumption of the throne by Princess Juliana.

The queen recently announced her desire to give up the throne because of her brain ailment.

She had been missing, along with the playing-victor, since May 13.

Theft charges against Zacharuk were laid Thursday, two days after the formal charge of murder had been laid.

Pacholek was found about 20 miles from his farm Tuesday afternoon, his head shattered by a blast from a 12-gauge gun.

Police believe the slaying took place on the Pacholek farm on May 13, the body of the victim was dragged 20 miles away to the Hallow Road district, where it was uncovered in a ditch.

Vancouver Flier Reported Missing

VANCOUVER, June 4.—(CP)—Search was started today for Al Beach of Vancouver who has been missing since he left here early yesterday on a flight to Calgary.

Beach was flying a small, silver monoplane which he rented at the Sea Island airport near Victoria, on a private flight, unconnected with floods.

He may have landed at an emergency field and unable to reach Vancouver with his plane's radio.

The RCAF, police and forestry officials have started a check of emergency fields along the route.

Parks Further North

The northern blocks of the centre will be reserved for park purposes, City Commissioner John Hodgson informed council.

Recommending the sale and rezoning of the property, Commissioner Hodgson said "the building will fill a very urgent need in the city where the hotel accommodation situation has been inadequate for years."

The commissioners recommended the consummation of the deal on the distinct understanding the hotel is erected on the site in the immediate future.

Some discussion took place regarding the site for the proposed \$1,250,000 civic auditorium.

Originally it was planned to place this structure on the site sold for the hotel. Commissioner Hodgson said this proposal had been rejected when council declined to close 103 avenue.

Unless there is a revision of present city plans, the site will have to be provided for the auditorium.

It was suggested it be placed north of the Workmen's Compensation Board's building, but aldermen pointed out there was no space in the area for parking.

No decision on a site for this building was made.

Glendon Development Co. is acting as agent for the Glendon Development Co.

Murder Preliminary At St. Paul June 10

Preliminary hearing into the murder charged 20-year-old Michael Zacharuk, Harry Hill farmhand, is slated to open in St. Paul on Thursday, June 10.

Charge against the youthful farmer was laid Thursday, two days after the formal charge of murder had been laid.

Pacholek was found about 20 miles from his farm Tuesday afternoon, his head shattered by a blast from a 12-gauge gun.

Police believe the slaying took place on the Pacholek farm on May 13, the body of the victim was dragged 20 miles away to the Hallow Road district, where it was uncovered in a ditch.

Wallace Party Is Banned In Ohio

COLUMBUS, O., June 4.—(RUP)—Secretary of Ohio State Edward J. Hummel today banned the Wallace-For-President Party from the Ohio ballot under a section of the Ohio law which bans political parties or groups engaged in un-American activity.

By NORMAN MICHIE

VANCOUVER, June 4.—(CP)—The muddy flood waters of the Fraser river spread over most of Barnston island today after a dike cracked on the northeast shore.

The tiny island, 2½ miles long by 1½ miles wide, was abandoned early today, only a few tenacious farmers staying on saving whatever is possible.

The land flooded slowly, and is expected to be completely covered by mid-afternoon.

ISLAND EVACUATED

Evacuation of the island, 20 miles east of Vancouver, was the most uneventful in the British Columbia flood crisis. Practically all of its 320 inhabitants were cleared from their homes by 3 a.m., and army and navy personnel with drew at daybreak. A few cattle and sheep still feed on the ridges.

In other sections of the vast valley there was little change. Spongy dikes were still a danger, but all major water barriers held.

Some districts reported slight recessions during the night.

Heavy workers toiled constantly to strengthen dikes in all areas, pouring in thousands of sandbags, tons of rock and gravel.

TRAIL HARD HIT

The flood-swollen Columbia river still pounded the smaller city of Trail in the west Kootenays. Preparations were underway to evacuate all residents from waterfront Riverside street. A heavy rain added to the danger today.

After five days of incessant labor on the Barnston dikes, Lt.-Col. John Toogood of the B.C. Tanks

It Happened TODAY

People

Singer Ginny Simms has admitted her failure as a housewife. The Hollywood star, who is married to a lawyer, filed divorce proceedings against her architect-husband (Ivory) Dehn. She is a Roman Catholic, while King Mike is a member of the Greek Orthodox church.

Princess Anne of Bourbon-Parma, left Copenhagen today for Geneva to join her husband-to-be, ex-King Michael of Romania. Her only comment: "I will never change my religion." She is a Roman Catholic, while King Mike is a member of the Greek Orthodox church.

Rebecca, 15-year-old Eskimo girl who visited England with Mrs. Canon Turley of northern fame, is en route back to the frozen wastes of Baffin Land. The young Eskimo has enjoyed her adventure in England, but did not learn a word of English.

Crime

Selling butter with strings attached is a costly proposition in Toronto.

A Toronto grocer pleaded guilty Thursday to selling one pound of butter (during a recent shortage) in addition of a four-dollar purchase.

He was fined \$200 plus costs. Toronto the Good.

W. AVERELL HARRIMAN

... Still hope.

Mrs. Mettie Bennett of London, Eng., told court recently about a bedroom suite that she bought for \$118 (\$172), which was made from boxwood. "The wardrobe consisted of late and molasses boxes and you could see the words 'Ministry of Food' written across wood inside," she said. Said judge, ordering return of her money: "A disgusting outrage." Officials said the case would be investigated.

Police report a Yugoslav pilot, with 22 passengers, was forced at gunpoint to land his plane near Bari, Italy Thursday. All aboard except pilot wanted to escape from Yugoslavia, it was reported.

World

A Washington scientist today offered the upsetting suggestion that maybe homing pigeons or migrating birds get where they're going simply because they have good eyes and the sense to recognize what they see. This view if true, would knock down a recently advanced theory that birds are equipped with something like an electromagnetic compass.

Treaty Indian Drowns In Lake

A Saddle Lake treaty Indian was drowned in Saddle Lake Creek near St. Paul, Thursday afternoon. Albert Makokis, 24, was drowned while swimming with companions in the creek.

Witnesses said he appeared to be in difficulty as a result of cramps. Makokis was living on the Saddle Lake Indian Reserve.

Italy's Socialist Party Is Ousted

VENICE, June 4.—(AP)—Italy's left wing Socialist party headed by Pietro Nenni was ousted from the Socialist Internationale today until such time as the party may break its ties with the Communists.

Child Burned

DANVILLE, Ill., June 4.—(AP)—A little girl standing in a crowd at a bus station was scalded yesterday when her dress apparently was set afire by a burning cigarette held by a bystander.

GINNY SIMMS

... No hope.

Even the clergy are not above criticism.

A Hamilton clergyman charged, before 74th general assembly of the Presbyterian Church of Canada in Toronto, "that there is not enough dignity in the pulpit."

He painted a picture of clergymen leading their congregations in prayer "with hands jammed in their pockets." His suggested remedy: That tailors make horizontal pockets in clerical garments.

When Britain granted Dominion Status to India late in 1947, it threw operations at Canada's royal mint out of kilter. The difficulty is that King George VI is no longer Emperor of India, making abbreviation "ind.IMP." no longer applicable on Canadian coins.

A little racoon almost threw the city of Toronto into a standstill Thursday.

Toronto's busiest intersection, at Bay and Bloor streets, was snarled up for three hours when the racoon climbed a hydro pole at the midway intersection, and evaded all efforts of rescue until finally forced into a 40-foot steel into a box. Long after Mr. Racoon was en route to Riverdale zoo, police were trying to unsnarl rush-hour traffic.

Politics

Ontario's premier, George Drew, is having a rough time on the campaign tour of the province. His latest luff was from a barage led by the wife of the local CCF candidate in Barrie, Ont., who jumped to her feet time after time, rushed to the front of the point. Said her "If I don't see George Johnston (Progressive Conservative candidate) so much I'd almost wish the CCF candidate would be elected so he could get away from this for a few weeks every year."

Belief that even Russia is seeing benefits of the Marshall plan was voiced in Paris by a member of Harriman, U.S.'s roving ambassador for ERP. His comment: "I can only interpret moves by Moscow, such as Kremlin's peace offensive a couple of weeks ago, as indicating they believe the plan is proving effective."

Charles F. Denny, vice-president of NBC, rejected a senator's suggestion that the State Department had lured NBC out of an unprofitable foreign broadcast operation (Voice of America programs). A house subcommittee is hearing charges that the State Department is fostering a monopoly in international broadcasting.

B.C.'s brusque senator, Ian MacKenzie, is at it again. In the Senate Thursday he unleashed another attack on his colleagues. Said MacKenzie, the rules of Senate are the worst in parliamentary worlds and should be revamped.

Sweeping Changes in Varsity Staff

Twenty-Four Appointments
Announced by Dr. Newton

Total of 24 appointments to University of Alberta staff was announced today by Dr. Robert Newton, Varsity president.

Dr. J. M. Huston has been promoted to the rank of professor and appointed director of the school of pharmacy. He has been a member of the University staff for the past eight years and during the last two years has been acting director of the school.

Dr. Harold V. Rice, for the past 10 years a staff member of University of Manitoba, has been appointed professor of physiology, effective January 1, 1949.

He is a graduate of the University of Toronto, holding the degrees of MD and Ph.D.

GENETICS APPOINTEE

Dr. L. P. V. Johnson of Washington State College has been appointed associate professor of genetics and plant breeding. He has the degree of M. Sc. from U. of A. Ph. D. from Washington State College, with post-doctoral study at McGill University.

Dr. James H. Stirling, a graduate in medicine from the University of Glasgow, has been appointed associate professor of bacteriology. During the last year he served in India for two years with the Royal Army Medical Corps.

Three full-time assistant professors have been appointed to the Varsity College branch. W. F. Allen, graduate of Western Ontario and Toronto, who will teach chemistry; Victor E. Graham, U. of A. graduate who has been studying Oxford the past two years on Rhodes scholarship, who will teach French and English; J. G. Millar, graduate of Auckland University College, New Zealand, and now studying at Cambridge, who will teach mathematics and physics.

ALBERTA TEACHER
Luther Goodwin, Alberta teacher and graduate from U. of A. in education, has been appointed assistant professor of physical education at the Calgary branch of the education faculty.

Alex R. Robblee, formerly seasonal instructor at U. of A. now conducting post-graduate study at Wisconsin, will become assistant professor of poultry husbandry.

A. Toogood, now completing post-graduate work at Minnesota, has been appointed assistant professor of zoology. He is a graduate in agriculture of the U. of A. He has taught in Alberta high schools for several years.

D. A. Fraser, graduate of Toronto, has been appointed lecturer in Macdonald hotel.

Opening session of the convention will be occupied with addresses of welcome from Mayor Harry Ainlay, the presentation of the president's report and registration of delegates.

At the afternoon session on the opening day A. J. Mason, chairman, Alberta Liquor Control Board, will address the meeting, and also A. J. Garinthur, president, Hotel Association of Canada.

Hon. Dr. J. L. Robinson, recently appointed minister of industries and labor, will be guest speaker at the annual banquet.

The Wednesday sessions of the convention will be occupied with receiving reports of committees, nomination and election of officers, and closing of the venue of the next convention.

Her essay was entitled "In Sacculi Sacculorum," translated meaning "Forever and Ever." There was that beauty and ugliness will always exist on earth.

Murray and Wilson entered Atlantic's story contest.

Both received grading of "top paper," equivalent to honorable mention.

Edmonton Men Play In Hollywood

Two former Edmontonians are taking part in the Hollywood assembly of the Moral Re-Armament program.

They are Richard Stollery and Major Verne Erickson, Croix de Guerre.

Both are playing in the Moral Re-Armament musical revue, "The Good Road," which was presented to assembly delegates and the public in the famous Hollywood Bowl.

ALL-OUT EFFORT

Airforce Throws Aids Into B.C. Flood Fight

Practically all available aircraft at North-West Air Command headquarters here have been thrown into the battle against British Columbia's crippling floods and RCAF operations here are at a minimum.

"Operation sandbag" has been given top priority and all other commitments and routine trips have been abandoned.

Usually about four regular flights wing northward from here each week to service RCAF stations in the north it means that there have been cancelled and only one trip per week is planned.

By the time the operation of carrying sandbags to British Columbia is concluded, the RCAF will have ferried some 500,000 sandbags to the west coast.

Already 310,000 sandbags have been flown, 200,000 from Winnipeg and an additional 110,000 from Montreal.

A total of 27 RCAF aircraft have already been in operation or stand-

ing in case of a further emergency, to aid in the battle against the floods.

Figuring in the operation are six Edmonton-based Dakotas, three from the school at Nivara, Man., and one from Winnipeg.

In addition planes from as far away as Greenwood, Nova Scotia, and Montreal are aiding in flying sandbags and supplies.

Assorted aircraft from B.C. stations are also helping in the operation.

Besides this, the RCAF has saved a possible serious bread shortage at Vancouver. One RCAF Dakota plane flew 11,000 pounds of yeast

from Calgary to Vancouver recently.

In addition, the RCAF has reopened Abbotsford, B.C. station to house evacuees. Two hundred are already living there.

Today the RCAF will fly Maj. Gen. M. H. S. Penhale, general officer commanding western army command, to Vancouver for personal survey of the situation.

Gen. Penhale, under whom Col. T. Erie Shaw, commander of the British Columbia army area, acts, expects to remain on the scene until the crisis has passed.

The RCAF's amateur radio network, maintaining a 24-hour watch and transmitting emergency calls.

A photo survey of the swollen Fraser river from Hope right down to Vancouver has also been conducted by the RCAF.

Paving The Unwanted Child

The Civic Betterment Committee of the Edmonton Chamber of Commerce deserves warm commendation for its new manifestation of interest in the improvement of this city's streets.

For a long time it looked as though street paving was Edmonton's unwanted baby. The problem lay in every Edmonton street and highway like a squalling brat without a lap to sit in.

The mayor and commissioners wouldn't claim it. They had a long list of reasons to show why they couldn't be blamed for the atrocious condition of Edmonton streets.

This paving baby, because it was everybody's business, had become nobody's business.

But now this energetic committee of the Chamber of Commerce which drummed up some \$2,300,000 worth of petitions for paving, grading, graveling, boulevarding, curbs and sidewalks, has reentered the picture with a demand for information about the disposition of these requests.

It seems that the paving baby has got a home again.

But, as the Civic Betterment Com-

mittee is well aware, there is a good deal more to the problem than speeding up the city on the outstanding petitions for street improvements.

It should be and is the business of the committee to find out who or what was to blame for the stalling and the lethargy and the alibi. Surely public opinion should not have to stand over civic officials with a whip to get anything done.

Then there is the larger question of the applicability of the local improvements system to the needs of a growing city.

Undoubtedly this system works reasonably well in purely residential areas. But many residential streets have become arterial highways and the residents are justifiably reluctant to pay for paving that serves the entire city.

The entire system needs to be re-surveyed and re-adapted to the peculiar needs of Edmonton, needs that have been rendered acute by long neglect of any overall program.

The Chamber of Commerce does exceedingly well to interest itself again in the street paving problem. But it should study the fundamentals of that problem as well as the details.

Some Improvements Can Be Made

Certain definite and valuable improvements can be made to the facilities at Edmonton's Arena even though the larger plan of the Exhibition Association is going to be held up for lack of steel.

Even though this steel would not be available for the actual extension of the building until January, 1949, the Association can still go ahead with changes that are just as necessary as the enlargement of the building.

The entire parking lot, for instance, could be gravelled and rolled. In the

Spring, the mud hazard in this area is just as great as the crowding hazard within the structure.

Then the parking area requires adequate lighting. It requires markers so that patrons can identify the sections in which they left their cars.

Better lighting is needed, too, for the driveways leading to and from the Arena within the exhibition grounds.

These are essential projects that need not wait on steel or anything else in short supply. They could be and should be completed this summer.

Making the Gardens Suffer

Is there no better way to ensure adequate water pressure in Edmonton for fire protection than by placing a partial ban on the sprinkling of lawns and gardens?

Edmonton people appreciate the fact that it is impossible to secure the steel pipe to distribute a greater supply of water in some parts of the city.

They appreciate the fact, too, that low pressure caused by garden sprinkling throughout the city would constitute a tremendous fire hazard.

But on the other hand, it will be a very great pity if gardens are ruined by drought in this crucial period of their development. It will be the greater pity since

the ban on the importation of certain vegetables has created a more compelling health need for fresh garden stuff.

The gas company has successfully employed radio announcements to warn gas users when accidents have made it necessary to conserve or shut off the gas supply.

Would it not be possible to employ a similar system should the occurrence of a dangerous fire create an immediate need for a higher water pressure?

A repeated radio announcement calling upon citizens to turn off their hoses and sprinklers would undoubtedly secure immediate co-operation from the public.

Crazy Clocks Delude the Public

The most dangerous kind of a liar is a clock that tells the wrong time.

And the enormity of this mendacity is increased in proportion to the number of people who depend upon the untruthful timepiece.

That is why the current fickleness of Edmonton's post-office clock can almost be described in terms of public calamity.

For several days the hands of this imposing chronometer have suffered a fixation. Even the four faces do not agree with each other. And the several thousand

Edmontonians who cast a casual eye in their direction every day have been perturbed, alarmed and deluded.

There is a law on the statute books of several American cities imposing a fine upon those who publicly display a clock which does not give correct time. Owners of erratic and untruthful clocks are compelled to cover their faces when they become whimsical and unreliable.

It is a good, sound, sensible law. But perhaps the post office people would just climb up and put their timepiece right. Everybody would be obliged.

Hollywood Filled With Aspiring Movie Stars

HOLLYWOOD, California.—Coming across the sizzling desert into Southern California, I said to my wife, chauffeur and adviser: "I'd like to get something about the movies out of the ordinary."

The first part of the job was easy. You can't spend even a few days around the movie capital without reading the story that is written in the faces of young waitresses, soda jerks in the corner drug store, attendants at gasoline filling stations.

Most of these youngsters have read the publicity press agent stories about the movie scum who "discovered" some coming female star in some roadside hot dog stand.

So there they work a little and hope for a lot. And the turnover is terrific, because you can't keep your mind on your job of rushing the hamburger or milk shakes and still be wondering if that pre-topped grey man in the open-topped car, with a girl about twenty years younger than himself, is some famous producer just eating his heart out to find some unknown Greta Garbo, Rickie Pickford or Vivien Leigh.

Leading Vamp Of Movies

I pondered all this and guessed ledge: we entered not in yourselves, and them that were entering in ye hindered.—Luke 11:32.

We went first to Long Beach, for we were both eager to check up again and see whether or not we had only imagined that the Pacific is bluer than the Atlantic.

Seems there was some hitch about us getting into the fine Surf Motel. But the proprietor was impressed by my wife's insistence that, as a working newspaper man, I needed ground-floor accommodation. He took us to what has been the Army and Navy Club in the recent war.

"I'll put you in the bridal suite," he said.

"Whose?" we asked. "Theda Bara's," he said. "We weren't quite sure we remembered who Theda Bara was. Neither was our genial landlord. Nobody remembered for sure how to spell her name."

"Oh, she was the reigning movie vamp back about 20 or 30 years ago. In those days, all the big stars lived around here. Theda Bara was the top-notchster then. Fatty Arbuckle's house is just over there. It's the Navy Petty Officers' Club now."

"And so we spent a night in the honeymoon bedroom of the dazzling movie queen of a generation or so ago. It was big enough to

stage an old movie week party for all of any movie queen's husbands, or near-husbands, or ex-husbands, even if they all came at once. The bedroom measured 50 by 30 feet. It opened onto a gallery, which overlooked a swimming tank set just above Long Beach. There was a beautiful green tile bathroom. The original green tile bathroom carpet still covered the floor.

Scar Over Buddha's Eye

The house itself was built around a huge indoor room, with gallery. It had a fine stained glass window. Downstairs was a bar—no enormous piano and organ.

But the swimming pool was empty. The builders and painters had not quite got around to putting it in shape for a first-class tourist hotel. The owner couldn't remember what happened to Theda Bara. Maybe she was dead or married to a big producer, or somebody.

Outside the house was an Oriental garden, with all the small image of an Oriental goddess, also a placid, benign Buddha. There is a mark over the bronze Buddha's right eye—perhaps because some tipsy and iconoclastic sailor heaved a rock at him.

But as I walked alone around the amazingly empty house—wondering where all the other once-dazzling stars are now, how brief their little moments—in the twilight I could not imagine that the bronze Buddha was winking at me.

Today's Text

Woe unto you... for ye have taken away the key of knowledge: ye entered not in yourselves, and them that were entering in ye hindered.—Luke 11:32.

AND NOBODY CARES FOR ME

The Readers' Space

LETTERS TO THE EDITOR

Scottish Farmers

Editor, Bulletin.—I shall be glad if you will please publish this letter for me.

I wish to get in touch with two Scotch Canadian gentlemen who, in July 1937, did the same bus tour from Glasgow to Loch Lomond as my brother and I.

We noticed that they kept asking (in a decided Scotch accent) the driver to explain to them the many places of interest which we passed. This puzzled us, and to my inquiry as to how it was they did not know their own country better, they replied that they had emigrated to Canada when quite young and if I remember correctly were farmers in Alberta.

In this case, as it might assist them to identify themselves, I do hope I shall be successful in contacting them through the medium of your newspaper.

T. THOMSON.

B. Rhodesia.

Compulsory Voting

Editor, Bulletin.—A message from Pretoria stating that a vote of more than 70 per cent in the Union elections is "the greatest turnout in history" is to be taken as a vote of confidence in the Australian system of compulsory voting.

Had a RSPCA been operating in Edmonton the Junior Chamber of Commerce would never have been allowed to use live chicks as "table decorations" for their dinner. The Madam would not have been allowed to use live chicks as an innuendo, senseless, I must say, but not prove the usefulness of a RSPCA.

The educational value of a RSPCA is immense. What is true of it is not a manifestation of ignorance?

DE LA FELD.
Macdonald Hotel.

Something Improving

Editor, Bulletin.—I have been a subscriber to your newspaper for a number of years and have enjoyed some columns, such as Dorothy Thompson's and Elmore Philpott's, so much that I would miss them very much should I cease to get your paper.

I do not mind admitting to seeing the picture of a senile old lady in ninety, with her morose-looking husband, standing on the front page of one of your recent issues. That sort of thing is revolting to decent people and

Bigotry Intolerable

Editor, Bulletin.—In your Saturday paper there was a letter from A. McElate that attracted my attention. It referred to the Palestine problem. Mr. McElate says, "the Jews have no more right to where they are than they would have in part of Alberta, and I hope the Arabs pin their ears back good and hard."

When will this sort of thing cease to be? Why do we tolerate racial intolerance and bigotry in human beings who are supposed to be the most intelligent people of the world?

Why does this Mr. McElate imagine that he has any more right to live in this country than the Jew, the Ukrainian, the German, or the Pole?

Maybe it's not for us to say who is right and who is wrong in Palestine, but it is our duty to try in every way possible to stop the useless slaughter of human beings whether they be Jews, Arabs or of any other race. As long as we tolerate the kind of bigotry set forth in Mr. McElate's letter, we can never expect peace.

Millions of young men gave up their lives so that no man should suffer for his father's sin. We must fight intolerance wherever it rears its ugly head, for God's own scripture reads: "This stranger that dwelleth with you shall be unto you as one born among you and thou shalt love him as thyself: for ye were strangers in the land of Egypt."

JERRY FORBES.

Smiles

The youngest member of the house party was persuaded to make up a four at bridge, at which game he was no expert. He was customer approached him and said: "I say, don't you think you ought to stop?"

"Great Scott!" boomed his partner, "haven't you a spouse?"

The youth admitted guiltily that he had.

Next day it happened that the pair were partners in a golf match. At the first hole the choleric old man got into a bunker, where he played a dozen furious strokes without removing his ball.

"I haven't you a spouse, sir?" inquired the youth, sweetly.

A reveller went into a cafe in New York where you put a coin in a slot and food comes out of a machine.

He put a coin into one of the slots and a piece of pie shot out. Then he put another coin and another piece of pie came out. This went on until he had about fourteen pieces of pie, when another customer approached him and said: "I say, don't you think you ought to stop?"

The reveller replied, "What haven't you a spouse, sir?"

Mrs. Smith was particularly fond of reminding her husband that the silver was hers, the piano was his and the furniture was theirs. And Smith was getting tired of it.

The night Mrs. Smith was awakened by noises downstairs. "Henry," she said, hoarsely, "there are burglars downstairs."

"Burglars?" echoed Smith, wearily. "Well, let 'em burglar. There's nothing of mine down there."

Tourist: "What are those church bells ringing for, my lady?"

"What are those church bells ringing for, my lady?"

"What are those church bells ringing for, my lady?"

OUR TOWN

By Jack Scott

Montreal Charm In Early Summer

MONTREAL.—Montreal is pleasant in the early summer with the trees shading the warm streets and the girls in their long summer dresses. I spent yesterday morning in the sunshine with friends from the war years. There is no denying the city has a character of infinite appeal. It is a kind of little New York, with a Canadian calm in the face of a Quebecer's larger attitude.

It is a gracious town. June, and it is nice to enter a tavern and have a sandwich with a cool beer. The sanity of the drinking here is always impressive to a westerner as unaccustomed as I, and it's a temptation to create into the inviting bars. Exactly that happened this afternoon before I came back to the hotel to write a column. I suppose I'll be making some of my personal remarks homelike with this report about an interesting retreat, but here it is.

Newman's Shrine

The shrine of all visiting newsmen in Montreal is an establishment known far and wide as the home of Slikin and Slotkin, and I do not see why I should be an exception. In fact, I spent a mellow afternoon yesterday in that famous bar and grill on Dorchester Street meeting the men who built the hole-in-the-wall into a world-famous gathering place of broke-down prizefighters, sportsmen, radio and moving picture stars, and newspaper hacks, and those clients who came to oggle Slikin and Slotkin turn out to be Lou Wyman and Jack Rogers.

It is a place of the past, a place of the future, a place of the present. The day before opening came with a fearful discovery. Slikin rushed to Slotkin.

"Slotkin," he called, "the room for the shenanigans is painted yellow. Never have I heard of such a place being yellow. Pink it must be."

Rogers was outraged, too. Who had ever heard of a ladies' room being painted yellow? Quickly he was found and overnight the walls were painted pink. Seven Eastern Canadian newspapers reported the fact next day.

The bar isn't terribly impressive. It seems to be a room that's like Calcutta's Black Hole in fight nights. Upstairs is a club. The room, very dignified and calm, the gathering-place of a surprising number of important people. And Rogers, interrupting: "How many times must I tell you not to refer to our place as a joint? It's a dignified place."

Quick Change Necessary

The firm is celebrating its twenty-fifth anniversary this year and they've done pretty well, except for the war years, when their prize fighters and most of their other clients were involved in more serious business. The firm has moved to their present location.

Allan Craig of Liberty Magazine created a crisis in that move. The day before opening came with a fearful discovery. Slikin rushed to Slotkin.

"Slotkin," he called, "the room for the shenanigans is painted yellow. Never have I heard of such a place being yellow. Pink it must be."

Rogers was outraged, too. Who had ever heard of a ladies' room being painted yellow? Quickly he was found and overnight the walls were painted pink. Seven Eastern Canadian newspapers reported the fact next day.

Rogers was outraged, too. Who had ever heard of a ladies' room being painted yellow? Quickly he was found and overnight the walls were painted pink. Seven Eastern Canadian newspapers reported the fact next day.

From the very beginning, the "joint" as they call it was a popular place with newsmen. The resulting publicity has built them up to the higher income brackets. They don't talk about that, even to each other. "Does Rogers tell Gabe how much business they do?" asks Rogers when he's questioned on the subject.

It is a nice place to have a nifty beer and meet the fabulous characters of Canada's big towns. And it offers a type of conversation I don't recall ever having run into before. Recently radio commentators was quizzing the pair for a broadcast and recorded some of their off-the-record talk. Slikin and Slotkin are very proud of the unrehearsed result. It is like this:

Wyman: "We have a lotta celebs coming into our joint."

Rogers (interrupting): "How many times must I tell you not to refer to our place as a joint? It's a dignified place."

TREE-TOP HOME of C. Melkon Arslanian, West Orange, N.J., won't be his much longer. The 65-year-old rug dealer faces eviction from his aerial abode of the past 16 years. Used to living 65 feet above ground, and keeping two goats for companions, Arslanian says he'll fight the eviction order.

Huge Telescope Dedicated To 'Mankind's Well-Being'

By Ralph Dighton

PALOMAR MOUNTAIN, Calif., June 4.—(AP)—The largest telescope on earth was dedicated yesterday "to the well-being of mankind."

In ceremonies attended by heads of some of the world's greatest scientific institutions, the 200-inch star-scraper was christened the Hale Telescope. It honors Dr. George Ellery Hale, "father" of the giant instrument, who died in 1938.

SOVES MYSTERIES

The Hale Telescope, with a range of 1,000,000,000 light years (the distance light will travel in 1,000,000,000 years at a speed of 186,000 miles a second), will probe into the secrets of the universe. Dr. Max Mason, chairman of the observatory council, has said it may even solve the mystery of life itself.

Belief that completion of the new telescope has placed the world on the threshold of a tremendous increase in knowledge was voiced in an address by Raymond B. Fossick, president of the Rockefeller Foundation, which provided the \$5,000,000 project has cost to date.

Citing the "unpredictable consequences of knowledge," Fossick recalled that "when the giant cyclotron was built at the University of California, nobody was thinking of the atomic bomb. The cyclotron was conceived as an adventure in pure research."

CYCLOTRON HELPED

"And yet that cyclotron contributed materially to the development of one of the phases in the construction of the atomic bomb, just as this telescope may conceivably give us knowledge which, if we so choose, we can employ in the 'transmutation of a final war'."

"If this final nemesis overtakes the pretensions of modern man, it will not be his science that he betrayed him, but rather the complete prostration of his moral values."

Two Face Charges In Hotelman's Death

ST. BONIFACE, Minn., June 4.—(CP)—Daniel Patrick (Baby Face) Joe Palzo, 29, of Montreal, and 18-year-old James Edward (Smookey) Campbell, (Smookey) were charged with assault and intent to rob in connection with the slaying of Edgar Frenette, 29-year-old St. Boniface hotel manager. They were remanded without plea until June 9.

International Falls, Minn., police after an extensive investigation reported last night that no James Campbell ever lived in International Falls. When arrested Campbell told St. Boniface police his home town was International Falls.

Two material witnesses, Louise Davies, 25, and a juvenile who gave his age as 17, were remanded until today.

Murder Charge Is Laid Against Man

KAMIKOOPS, B.C., June 4.—(CP)—A charge of murder was laid yesterday by British Columbia Police against R. F. Kissel, 65-year-old retired railway telegrapher. He is accused of the axe-slaying yesterday of his 15-year-old invalid wife Kissel, in a hospital with three deep wounds in his throat which police said were self-inflicted. He is expected to live.

U.S. Foreign Legion Urged

WASHINGTON, June 4.—(AP)—A long-discussed plan for a United States foreign legion to boost manpower for defense was introduced today as an amendment to the Senate draft bill.

The proposal was made by Senator Henry Cabot Lodge (Rep.-Mass.) shortly after the house had approved the largest naval appropriation in peace-time history—\$3,686,733,250.

Lodge suggested that 50,000 aliens be allowed to enlist in the United States armed forces for five years. They would serve only outside the United States and its territories. At the end of that time they could become citizens.

Chairman Chan Gurney (Rep.-S.D.) of the Senate armed services committee promptly said he would oppose the foreign legion plan. He said it had been studied by his committee and unanimously rejected.

Work Expanding By Presbyterians

TORONTO, June 4.—(CP)—Expansion of the Presbyterian Church throughout western Canada has been "very encouraging," Rev. J. Allan Munro, Saskatoon, superintendent of western missions, said here last night. He spoke to the 74th general assembly of the Presbyterian Church in Canada.

In the now-flooded Fraser river valley of British Columbia, several new missions have been established. At Dawson Creek in the Yukon a minister conducts regular worship services for those without a church, over a new radio station.

Mr. Munro said new churches were either built or being built in new sections of Edmonton and Calgary, at Saskatoon and Yorkton, Sask., and in several rural centres of Manitoba.

Church Joint Clerk Is Elected After Heated Argument

TORONTO, June 4.—(CP)—Rev. R. A. Thompson of Toronto yesterday was elected joint clerk of the general assembly of the Presbyterian church in Canada. His election came after a fiery, 45-minute debate in an afternoon session of the 74th general assembly.

Mr. Thompson succeeds the late Rev. Dr. J. W. MacNamara and will work with the second joint clerk Rev. Dr. T. Wardlaw Taylor. He is secretary of the board of administration.

In heated proceedings prior to Mr. Thompson's election, Rev. Dr. Taylor handed out a letter which said it was never accepted by the assembly.

Craftsmen Meet

MONTREAL, June 4.—(CP)—More than 300 delegates from Canada, the United States and Great Britain attended the 44th annual convention of the Universal Craftsmen Council of Engineers here Aug. 2-6.

Wildlife Conservation Stressed In Canada

OTTAWA, June 4.—(CP)—Canada's top officials in the wildlife world joined yesterday in emphasizing the importance of conservation.

Dr. H. L. Keenleyside, deputy resource minister, said Canada's rapidly-expanding northern frontiers made preservation of extreme importance.

Wildlife was necessary to "nourish the advancing vanguard of white settlement," said Dr. Keenleyside. The resources department had become concerned over the possibility of a depletion in wildlife. Steps have been taken to prevent it.

INVESTIGATE CARIBOU

In co-operation with the prairie provinces the department has launched an investigation of the northern caribou, the meat-producer and mainstay of the north. Scientists are being sent into the north to follow the caribou throughout the year. They will count them, study migrations and disease, ascertain the rate of increase and food requirements.

The department also has established scientists in the north to study furbearers.

"They are concentrating as a start on muskrat, an animal that adds millions of dollars each year to Canada's wealth," he said.

The alarming decrease in waterfowl in North America, which had been noted at the conference last year, had been checked by increased hunting restrictions, in Canada and the United States.

Aircraft have had a "most disturbing" effect on some kinds of waterfowl. Hunting of waterfowl last autumn was complicated by the presence and repeated flight of airplanes. He asked the conference to consider the adjustment of air transportation to wildlife.

Judgment Reserved In Manslaughter Charge In South

CALGARY, June 4.—(CP)—Judgment on a charge of manslaughter against William Howard Dams, 21, of Strathmore, was reserved until June 14 yesterday following a preliminary hearing in police court.

Counsel for Dams, charged in connection with an accident March 24 which resulted in the death of John Wilson, 22, of Strathmore, asked for dismissal of the charge. Testimony of two ambulance attendants was that they believed Wilson was the man they removed from behind the wheel of the automobile in the crash. The vehicle was owned by Dams's father.

Typhoid Epidemic

MUNICH, June 4.—(AP)—Six hundred Germans have been stricken with typhoid in several towns about 50 miles northeast of Munich, the United States armed forces network said last night. Twelve have died during the last three weeks.

OTTAWA PROBES ROTTEN APPLES

OTTAWA, June 4.—(CP)—An estimated 183,300 rotten apples yesterday were the subject of a search by the agriculture department and provincial police have been asked to help. The apples—Macintoshes—are rotting with a peculiar brown disease from the core outwards, and have been ordered by the department to be kept off the retail market in Ottawa. A departmental inspector said it was possible the apples are poisonous.

The 1,222 hampers of apples were grown last year near Brighton, Ont., and are believed to be stored in a barn near here.

Railroaders Retire Soon

Two veteran Edmonton railway men will soon go into retirement after long service with Canadian National Railways.

Thirty-seven years of service at the Edmonton CNR sheds on 104 street will be completed June 4 by Andrew Malcolm Kerr; and 39 years as a locomotive engineer in the Edmonton area will be wound up June 7 by Oliver C. Johnston.

Mr. Kerr, who resides at 10729 108 street, joined the CNR service in 1911, about a year after coming to the city. He has been assistant shed foreman for more than 25 years.

Mr. Johnston, who joined the CNR in 1909, a year before coming to Edmonton, made his last run as a locomotive engineer May 29.

He has been operating on a passenger train between here and Mirror. He lives at 12601 127 avenue.

Calf Champion

CARSTAIRS, June 4.—(CP)—A calf entered by Gordon Johnson of Eagle Hill yesterday was declared grand champion of the annual calf club sale. The animal was sold for 50 cents a pound. About 140 calves were entered.

Jewell Electric Get New Quarters

Increased Business Necessitates Move

Jewell Electric's South Edmonton store will be located in new quarters.

On Saturday the establishment known as store number three will officially open for business at 8213 109 street.

The move was necessitated by the increased amount of business during the past six months.

Jack Jewell, managing director of the Jewell Electric organization, said that the South Edmonton store, located at 8211 107 street, was inadequate to cope with the increased business since the first of the year.

"Business has doubled since January and our old location wasn't large enough to provide patronage with proper service as we are moving to a larger and more modern store," said Jewell.

The new location is modern in every way.

All the latest fixtures, attractive decorative designs, ultra-modern lighting fixtures, and an appealing frontage and window design are features of the premises.

This store, like the other two Jewell establishments, carries a complete line of electrical appliances, refrigerators, radios, a/c's, washing machines, luggage and other accessories.

The Jewell organization has had the opportunity of locating in the downtown business area but prefers to do business in suburban communities.

The firm's next move will probably be in the northern section of the city, which would give them a location in all four sections of the city.

Although there are four partners in the Jewell organization, Jack, the founder, is principal shareholder. His brother Albert, Johnny Christopher and Joe Melcher are the other partners.

Jewell, an air force veteran, has in less than two-and-a-half years founded three flourishing stores in the highly competitive electrical appliance field.

Civil Servant Must Reply To Charges

LONDON, June 4.—(AP)—The air ministry said yesterday E. J. Hicks, former president of the Civil Service Clerical Association, has been placed "on leave with pay" pending a reply to charges he is a Communist.

Second Referendum For Newfoundland

By Dave McIntosh

ST. JOHN'S, Nfld., June 4.—(CP)—Newfoundland, in its national referendum, tossed out the possibility of any continuance of commission government but as counting of ballots went forward today, it became clear the island people could not make up their minds between instituting responsible government or confederation with Canada.

A second referendum will be held—the best guess is in two months' time—to give the people a chance to decide between the two top finishers in yesterday's national referendum.

Neither responsible government nor confederation could get the 51 per cent required to win the referendum. Commission government, the third finisher, split the vote three ways so there could be no decisive winner.

Still in doubt was whether responsible government or confederation would finish on top. Both sides predicted they would take a plurality.

Confederate Leader Joseph Smallwood said his movement would win the run-off by taking 95 per cent of the commission vote. With 126,433 voters of the 176,297 eligible heard from at 11 a.m. MDT, (7 a.m. MST), commission government had 19,633, confederation 55,814, and responsible government 61,006.

This made it practically impossible for either responsible government or confederation to get the 51 per cent needed to win.

Commission government polled a higher vote than most observers had looked for although it failed to win in any district. It held the balance of a clear-cut majority.

First Step to Return Of Oil Output Taken

First step toward normal production in the Leduc oil field was taken Thursday when the Petroleum and Natural Gas Conservation Board authorized pipeline officials to begin moving oil from field storage tanks.

I. N. McKinnon, board chairman, said resumption of production by the other wells in the field will depend on the ability of the pipeline to handle crude in excess of the uncontrolled production from Atlantic No. 3.

Production at the rogue well has dropped from a peak of 11,000 barrels per day to an average of 7,000 barrels daily. Pipeline facilities can handle 12,000 barrels daily. The excess carrying capacity of the pipeline will be used to withdraw 37,000 barrels from field storage tanks. When this oil has been transported to railroad it is understood the Board will issue a production quota for the wells shut down since May 14. It is expected that the wells will be permitted to produce 5,000 barrels until Atlantic No. 3 is brought under complete control.

SUMP OIL MOVED
Almost all crude stored in sumps on the Atlantic property has been pumped to railroad at Nisku. Since the Conservation Board took over

the field a total of 187,000 barrels have been transported from the wild well. Total production since it went out of control is put at 225,000 barrels.

Emulsified oil—contaminated with mud from the pits—will be treated at the well site to remove impurities before it is pumped into the pipeline according to Mr. McKinnon. This will prevent mixing dirt with production from other wells and will eliminate need to segregate shipments over the line.

Good progress is reported from the directional wells being sloped toward the bottom of Atlantic No. 3. These wells are about 700 feet to the west and south of the wild producer. The south one is down 1,500 feet and will take another month to reach the 5,300 foot level. The other hole has surface casing set and is drilling below 500 feet. These relief wells will be abandoned if the water from Imperial No. 48 kills the Atlantic well prior to their completion.

RESCUE VESSEL RACING TO AID ILL FISHERMAN

HALIFAX, June 4.—(CP)—An RCAF search and rescue high-speed motor launch raced through heavy seas today toward a seriously-ill fisherman on the American fishing trawler Charlotte Phantom. The trawler was reported 240 miles east of Halifax.

Details of the man's illness were not known. RCAF here said they had picked up an urgent message from the trawler.

It was estimated it would take nine hours for the rescue launch to reach the Charlotte's side.

Edmonton Seeding Nears Completion

Peace River Leads In Provincial Percentage

Crop seeding in the Edmonton district is 75 to 90 per cent completed according to a crop report issued today by the Canadian National Railway.

"There is considerable grain showing above the ground, but showers will be welcome next week to replenish top soil moisture," the report continues.

The crop report for the CPR also issued today says the height of wheat in Alberta "varies up to six inches."

Both railway company reports indicate the season has been delayed due to early spring weather conditions but indicate rapid strides are being made to overcome the handicap.

Excellent sub-soil moisture conditions and warm, dry weather are hastening germination and growth in most districts in this province. It is indicated the Peace River area is ahead of central Alberta in percentage of both wheat and coarse grain crops sown, though the percentage of land planted to wheat will drop ten per cent for that section of Alberta.

Wheat acreage in the Peace River district will be topped by 75,000 acres of new breaking, but this is not a great enough acreage to compensate entirely for the drop due to weather conditions.

Manitoba and Saskatchewan crop conditions are said to be slightly ahead of Alberta's with a larger percentage of grain showing above ground, but the differences are not great.

In some areas in all western provinces, extra cultivation has been necessary due to rapid weed growth, induced by encouraging moisture conditions.

LONG RECORD LEADS TO JAIL

A long record of false pretences convictions across Canada led to a stiff sentence for Alex Cebryk, no fixed address, in police court here today.

For obtaining money from a worthless cheque last November, Cebryk was given four months hard labor at Fort Saskatchewan.

He was said to have cashed a cheque for \$25 at a South Side hotel November 21, 1947.

Police apprehended Cebryk this week as he was passing through the city.

Swimming Winners To Be Honored June 9

Banquet to honor 31 Edmonton award winners of the recent provincial Red Cross Aquatic School will be held at the Corona hotel, Tuesday, June 9, at 6:30 p.m.

The 31 swimmers will be guests of honor at the banquet which is being arranged by Edmonton branch of the Red Cross Society. Dr. Allison Procter will present graduation diplomas, pins and crests.

The swimmers won their awards after tests held this spring at North-West Air Command pool. Total of 52 awards was granted.

City Tories To Meet Soon

Edmonton West Progressive Association's executive on Thursday made tentative plans for a nominating convention to be held in September.

The nominating convention will be preceded by a general meeting of members of the organization to draft campaign plans and elect a new slate of officers.

It is expected that either A. L. Smith, MP for Calgary West, or John Diefenbaker, MP for Lake Centre, Sask., will address the general meeting.

Maybe Weddings But Not Weldings, Magistrate Says

June isn't the month for weddings, three citizens discovered today in police court.

Ross Deacon and Andrew Lachambre, employees of Walter Humphreys, proprietor of a local welding firm, were charged with welding without proper licences.

They were charged under a breach of the Welding Act.

Both employees were fined \$10 and costs or 14 days in custody. "Get a licence or stop welding," Magistrate A. I. Millar told the pair.

Their employer Humphreys, was fined \$15 and costs or 21 days for failing to have a licence and an additional \$15 and costs or 21 days for allowing his men to work without a licence.

Wesley Church May Call New Clergyman

Meeting of the congregation of Wesley United Church will be held Sunday night after evening services to consider the calling of Rev. Thomas Jackson, B.A.

The church pulpits supply committee and board have approved the calling of the minister.

Rev. Jackson is a graduate of University of Toronto and Emmanuel College, Toronto.

He served three years in the Grande Prairie presbytery at Beaverlodge, and recently returned from a three and one-half years service in Trinidad.

North Boys' Club Entertains Fathers

Special to The Edmonton Bulletin FORT McMURRAY—Community Boys' Club entertained fathers in the Community Hall Wednesday in the first club display since its organization last January.

Club membership is now 75 compared with a roster of 25 when club was formed.

Floor hockey and boxing were main activities of the evening.

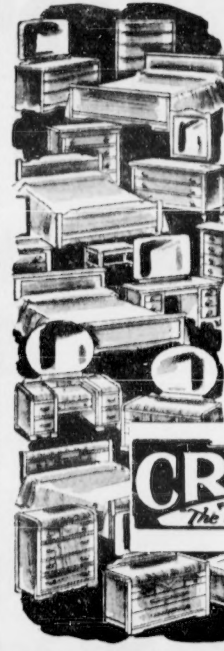

In the floor hockey finals Rangers defeated Red Wings by one goal.

Mayor A. T. Penhorwood presented members of the winning team with individual cups and the losers with scout knives.

In his address to the boys, Mayor Penhorwood stated he was "amazed" at the wonderful training the boys were getting.

On behalf of the boys, R. Taylor presented George Richardson with an engraved Remson lighter in appreciation for his work as boxing instructor for the boys.

From Procter & Gamble's Great Laboratories- JUST RELEASED

A Revolutionary New Washday Miracle!

IT'S *TIDE*

...you've never used anything like it!

TIDE is a truly amazing discovery that brings you a wonderful new kind of washday! Born of new knowledge gained in wartime research, Tide does *what's never been done before*—washes clothes cleaner than any soap, yet leaves colors brighter! The first time you try Tide, you'll know it's a brand-new product! Oceans of suds billow up instantly, even in *hardest* water! Those wonder suds look different... they even *feel* different!

GUARANTEE

Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

ONLY *Tide* DOES ALL FOUR!

1. Washes clothes cleaner!

Yes, cleaner than any soap made! Everything comes cleaner with Tide—even greasy overalls and heavily soiled work shirts! Tide not only leaves clothes free from ordinary dirt, but *actually* removes dingy soap film as well! No soap in the world can get your whole wash as clean as Tide!

2. Actually brightens colors!

Tide is not only *safe* for dainty, washable colors; but actually *brightens* soap-dulled, faded-looking colors. Brightness perks up almost like magic as Tide makes dulling soap film disappear! You can see the difference!

3. Never "yellows" white things!

Tide can't turn them yellow, no matter how often they're washed or how long they're stored. Tide-washed clothes stay dazzling white, week after week!

4. Gives more suds—

Prove it in your dishpan!

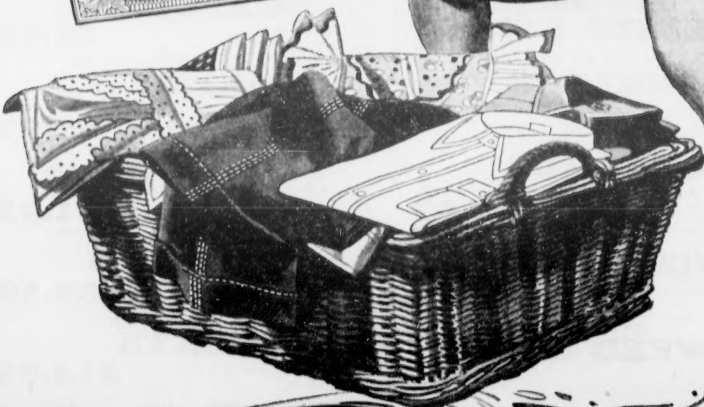

Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in *hardest* water! Tide cuts grease like magic... washes dishes cleaner than any soap! No scum in the water! No cloudy film! That's why dishes and glasses rinse and dry *sparkling clear*—even without wiping!

A Hymosol Product
MADE IN CANADA

TIDE'S IN- DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

Slash in Aid Plan Makes It 'Relief'

Marshall Says Cut Would Prevent European Rebuilding

WASHINGTON, June 4.—(AP)—State Secretary Marshall said today that the proposed \$533,000,000 House of Representatives slash in the foreign-aid funds would turn the European Recovery Program into a "mere relief" project.

Fire Razes East Village

ST. VICTOR DE TRING, Que. June 4.—(CP)—Fire of unknown origin raged through this village of 420 people at dawn today and destroyed more than two dozen homes before it was brought under control.

By 9:30 a.m. CDT, the blaze was under control. It broke out in a private home and swept down the main street jumping from one frame house to another.

Without enough fire-fighting equipment to stop it, the people of this village about 70 miles north of Quebec were helpless.

Despite the confusion of evacuation of homes in the path of the fire while fire-fighting crews from neighboring localities raced to the scene, villagers said no lives were lost.

After it had raged for five hours, the blaze finally was halted by crews brought in from the neighboring towns of Beauveille and St. Ephrem De Beausse.

Five Injured In Auto Crash

PORT ST. JOHN, B.C., June 4.—(CP)—Five persons are in hospital today following a Tuesday night collision at Mile 61 of the Alaska Highway. Two automobiles, traveling in opposite directions, collided head-on in dust swirling behind a motor bus.

Travelling to Edmonton was Carl Beane, school teacher at Fairbanks, Alaska, his wife, Helen, a former Edmonton girl, and their infant son, Alan.

Northbound from Edmonton was an unidentified Edmonton fur buyer and a northwest highway employee, Fred E. Jackuel.

Jackuel has two broken legs. Beane is suffering from shock, neither the fur buyer's nor Mr. Beane's injuries have been determined and the baby is reported unharmed but in hospital for observation.

He said that at one time postmasters were paid a fixed rate if they hired assistance they fixed their own rate. It was found the postmasters were not over-generous at times.

CANADA PRICES LOWEST—HOWE

VANCOUVER, June 4.—(CP)—Trade Minister Howe said last night there would be no reason to fear further rising prices if Canadians would submit to the same discipline in peacetime that they supported in wartime.

In a radio address over a Vancouver station, Howe answered criticism of the federal budget, declaring prices in Canada still are lower than anywhere else in the world.

Unexplored Gas Reserves Far Exceed Proven Supply

OTTAWA, June 4.—(CP)—Proven gas reserves in the prairie provinces total 1,433,000,000 cubic feet, Acting Resources Minister Mackinnon announced yesterday.

Reserves are estimated at 2,550,000,000 cubic feet. The minister said the figures were based on information in a report prepared by Dr. G. S. Hume, geological survey of Canada, and A. Ignatieff of the bureau of mines.

Proven areas are Viking-Kinsella, Fabyan, Medicine Hat-Keddie, Bow Island, Foremost, Brooks, Vermilion and Turner Valley. All of these fields are in Alberta.

Probable reserves are in those areas where gas has been indicated by the drilling of a certain number of wells and where sufficient data are available on which an appraisal may be made. Potential reserves are those areas where gas is known to exist, but where insufficient information is available on which to make a calculation.

"Such reserves in Alberta are believed to be enormous," said Mr. Mackinnon.

GREATEST SOURCE Possibly the foothills of Alberta offer the "greatest prospects" for large gas fields.

He said both Dr. Hume and Mr. Ignatieff had expressed the opinion that if "large markets and a reasonably attractive price warranted an intensive search for gas further west."

Tide Scores Hit With Housewives

TIDE is in. In Edmonton stores this week.

The newcomer is the latest washing product of the Procter and Gamble laboratories where chemists have worked for years to develop this remarkable new product for the home laundry and dishwashing. TIDE was made possible through new knowledge gained during wartime research.

TIDE is patented—it's the first and only product of its kind. It combines the best qualities of products now on the market—unlimited uses in every kind of water, no hard water scum, safety for colored clothes, and in addition is unsurpassed for washing dirty clothes clean.

TIDE has been sold in only a few cities up to now. Everywhere it has been recognized as a completely different product and has been highly praised by housewives who have used it. Not only does it remove ordinary dirt from clothes, but, since it leaves clothes entirely free from suds, clinging film as well as dirt, TIDE quickly and safely washes clothes cleaner than any soap made. What's more, TIDE actually brightens colors dulled by soapy water film.

All the elements that make this new scientific washing aid so ideal for laundry make it just as perfect for the dishwasher. It cuts grease like magic and because it does not react with the hot water in water, dishes and glassware cannot become clouded or streaked.

Mediator Works For Peace War Goes On

CAIRO, June 4.—(AP)—Count Folke Bernadotte of Sweden said today he hopes to clarify within a day or two conflicting Arab and Jewish interpretations of the four-week truce in Palestine ordered by the United Nations. The time of the cease-fire can be fixed only when the conflicts are worked out.

(An earlier Reuters report from Amman, Trans-Jordan, whence Count Bernadotte returned today from consultations with Arab leaders, quoted "authoritative sources" as saying that the count had ordered a cease-fire in Palestine from 9 a.m. Sunday and a truce to come into effect from 9 p.m. Monday Jerusalem time.)

A Trans-Jordan foreign office source said the Arabs already accepted a date for a cease-fire.

HEAVY FIGHTING While the UN mediator labored for peace, the war went on. Jews and Arabs reported heavy fighting in the Arab triangle of southern Palestine and on the southern coastal route to Tel Aviv, where the Jews and Egyptians were engaged.

An Arab general headquarters in Amman, Trans-Jordan, acknowledged that a Jewish armored column appeared inside Jenin. The informant declared that troops counter-attacked and drove the Jews out.

The Jews said the Jenin drive placed the Israelis in a position to threaten Nablus, southern point of the triangle meeting Tel Aviv from the east. The western point of the triangle is at Tulkarm, just outside Israel's frontier.

North of Tel Aviv, Jewish planes bombed Nablus and hit a police fortress, the Israelis said.

The Amman informant said Jewish troops struck a small Arab strong-point southeast of Haifa yesterday, causing considerable damage before withdrawing.

Jerusalem had 24 hours of relative peace. Hazana through yesterday was holding all but a small part of the modern city, but the Jews stood fast without advancing and Arab forces made no attempt to improve their positions.

Both sides last night claimed victories around Tel Aviv. 20 miles south of Tel Aviv, Egypt said her navy had bombed Caesarea, 30 miles north of the Israeli capital, while Jewish sources reported their fighter planes had shot down two Egyptian bombers after a raid on Tel Aviv.

Beland's 'Big Bat' At Renfrew Tonight

Esks, 99'ers in Four Game
Week-End Baseball Series

Ernie Beland's is the big name right now when the hot-stovers get together to warm up on what goes in the Big Four Baseball League.

Beland is hitting what is known around a dugout as 'a ton'. Actually statistician Hal Downie's latest batch of averages shows the Purity second-sacker swatting away at a .455 pace. Included in Beland's 25 hits are five home runs. Yes, he's tops here, too.

Along with the rest of the Purity cast 'Ernest Ernie' will be at Renfrew Friday night for the first of a four-game week-end stand against Ed Morris' hard-hitting Esks.

A pair of Saturday games and a Sunday afternoon engagement will round out the series. The Saturday afternoon fixture is timed for 2:30 o'clock.

Stop Those 99's—the Password

A clean up by Esks would be relished by the other teams. Esks are primed to make it mighty rough for sponsor Harold Cundall's Esks. The Purity game has opened on the rest of the field, having clicked for 12 wins in 15 starts. Second place Esks, who have had good feeling seven times in 12 starts, are three and one-half games off the pace.

They can close the gap appreciably at the week-end. While Esks and Purity are hard at it, Laurel Harney and his Edmonton Motors Club will be in Calgary trying to make some hay at the expense of Jimmy Gibson's Buffaloes. Doormats of the league, the Motors are in need of help and the wins have been burning for the past several days in an effort to acquire same.

The Cub-Buffalo series shapes up to be a tough one for the locals. The Harneys will play four games over the week-end, two of these in a doubleheader Sunday.

To date the Cub record is one triumph in 14 starts. 'Nuff said'.

Edgar's Four-Hitter Gives Horse Hills Win

Big Bud Edgar hurled four-hit ball Thursday to hand-cuff Texaco Oilers in an intermediate baseball game at Maple Leaf stadium. The right-hander went all the way as Horse Hills triumphed 10-2 for their second conquest of the year.

The Horsmen blasted starting pitcher Tommy (Red) McCarthy from the mound with seven runs in the first three frames. They clipped Lefty Don Billings for three tallies in the last five innings.

Centre-fielder Don Gault was the big story for Horse Hills in the early going. He walloped triples in each of the first and third innings to drive in four runs and virtually sew up the ball game.

Over the distance second baseman Doug Clark hit three for five to lead the batting parade. Texaco used Grant DeFrance, Ken Kennedy, Stan Engels, Mac Kennedy, Julian Stogryn, Tom Woodcock, Mac Bereton, Ron Kinsling, Joe Grendelouch, Rocky Graham, Nick Artyuk, Tom McCarthy and Don Billings.

Horse Hills lined up with Don McNeil, Bill Clark, Doug Clark, Don Gault, Chuck Oliver, Don Frey, Don Wray, Bud Edgar and Jim Rowland.

Legion Line-up
North Side Legion, riding the crest of a two-game winning streak in the Edmonton and District Football League, will field the following team against RAP June 5 at Clarke Stadium:
Shaw, Dempster, Skidmore; Ross, Peacock, Anderson, White, Graham, Gillings, Thomas, Russell, Humble, Reserve, Campbell.

The game is scheduled to start at 7 p.m.

Juvenile Ball
Juvenile ballhaws have a busy Sunday in store. Three games, starting at 2:30 p.m. will be played as follows:
South Side Arrows vs Maple Leafs at South Side.
North Edmonton vs CNR at North Edmonton.
Cloverdale vs Westmount at Cloverdale.

Highlands Favored In McMullen Trophy

The resting place for the decided this week-end and in all probability it will be the clubhouse.

Highlands, with a 22-point lead over the second-place Mayfair club, takes on the Country Club in the closing match of the championship. While Mayfair matches shots with the Municipal.

One of the best matches of the week-end will likely be between Johnny MacDonald and Emerson Mack, Country Club, and Ken Jennings and Vern Smith, Highlands. The Country-clubbers have had a

great deal of success in the event so far and will be given their toughest battle by the City club.

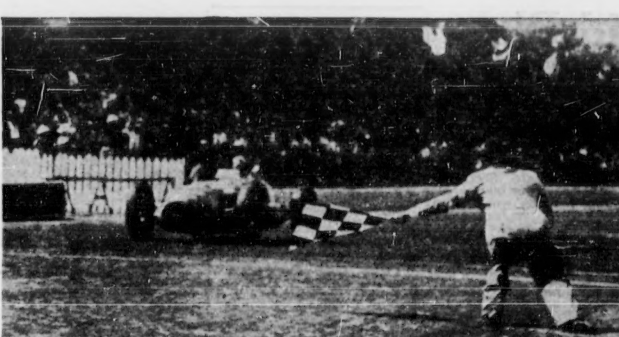

Following is the line-up:
"A" TEAMS AT HIGHLANDS

FLASHING ACROSS the finish line to get the checkered flag of victory for the second year in a row, Mau Rose has just finished breaking the all-time 500-mile Indianapolis speedway record with an 119.813 mph average.

Those Bentley Boys Enter Nelson Summer-Time 'Spiel'

Those Bentley boys from Delisle by no means confine their athletic activities to hockey. Some four or five of them form the backbone of the Delisle baseball team, a strong semi-pro squad that travels many hundreds of miles every summer fulfilling playing dates.

Now comes word from Nelson that a group of Bentley has been entered for the fourth annual summertime bonspiel, scheduled for the progressive British Columbia centre, June 25-27.

Comprising the rink are Max and Doug, the National Hockey League stars, Jack and Roy. Others entered from this area are H. Delameter, Chris Cairns and L. A. Patterson.

Fortunately, if you like, for the chances of most of the entries, "Frenchy" D'Amour's Brier championship rink of Trail has been split up for the Nelson event. Bob McChie and Jimmy Mark will play together but skip D'Amour and Fred Wendell will go their own separate ways.

Oshawa's mayor, Frank McCormick, will take part as a member of the W. B. (Bert) White foursome.

Up Nelson way Archie Birse and other enthusiasts expect the 1939 'spiel' to be the best yet. Birse is manager of Nelson's famed Civic Centre in which the curlers will go to their sluff.

Firemen Triumph
Fire Department doubled powerhouse 18-11 in a Civic football game at Clarke Stadium, Thursday night.

Line-score:
Fire Dept. 300 104 24-18 17 12 15
Powerhouse 014 031 11-11 12 15
Putton and Stewart; Shortreed and Brockie.

Royal Bowling
The Royal Lawn Bowling Club will hold an open mixed competition Saturday afternoon. First game will be run off at 2 o'clock. Teams should consist of either two gentlemen and one lady, or two ladies and one male. Team entries should be phoned in to George Johnston (23134), the club (28304), or the secretary (31270), before noon on Saturday.

The wine Chianti derives its name from a group of mountains in Italy near Siena. It has many vineyards on their slopes.

Cubs Need A Fairy Godmother
There were others, including Abbey, Phil Horn, Specs Reynolds, Ed McHugh, Clayton Dolighan, Pep Mon, Glen Wilkie, the Negro, Elly Boyd, a Spruce Grove farmer called Herman Loblick, and Don Conkin. And 1934 was the year that John Ducey called balls and strikes in the Northern League.

The game had an entertaining evening before we left Nick allowed that the Cubs lack a pitching, hitting, and depth-of-reserve strength.

The grandstand genius spoke a not too obscure mouthful there. With charity horses and aproned limbs all over the landscape depth is almost as important to the Cubs as the other two combined. The way things are going Manager Laury might make it work by alternating pitchers at shortstop on Sundays with teams of American football players.

In parting Nick figured Cubs chances of winning the Big Four pennant were as clear as the bottom of the muddy North Saskatchewan where it lurches past Renfrew Park, unless the Fairy Godmother has a powerful lot of magic left in her wand.

Louise Suggs Takes Thrilling Golf Final
ST. ANNES-ON-SEA, Lancs., England, June 4. — (AP) — Little Louise Suggs tramped eight miles through a tearing, soaking Irish sea gale Thursday to win the British women's golf championship cup for the United States for the second straight year.

The tense, stormy duel climaxed on the doorstep of the clubhouse. Louise won from a never-say-die Scotch lassie, Jean Donald, one up on the 36th green, while a small gallery fringed the sodden playing area.

The little, Atlanta, Ga., girl cuddled a six-inch replica of the championship cup and observed she had travelled 3,000 miles for it, but "I never thought I would take back all this silverware."

The victory made Louise the fourth woman and the second American to hold both the British and United States championships at the same time.

But Miss Donald then missed her return and wrung the American's hand. It was all over.

Miss Donald hadn't been beaten since Mrs. Zaharias trimmed her in last year's championship semi-finals.

Rookies Keep Phils In Thick of Fight

Simmons and Ashburn Star Against Cubs

NEW YORK, June 4. — (CP) — Two members of Philadelphia Phillies' abundant rookie crop kept their club in the thick of the National League race Thursday as Richie Ashburn and Curt Simmons combined to lay Chicago Cubs low 4-3.

Simmons, a highly-priced freshman pitcher who hasn't been overly impressive so far, scattered 11 Cub safeties to rack up his third win against four losers. Ashburn, who wasn't even asked to stick with the club when the season opened, led the attack with a double and two singles.

The three safeties gave the young outfielder a 20-game hitting streak, the longest in the major league this season. Relief pitcher Elmer Singletan came into the Pittsburgh-Boston game in the ninth inning with no body out and the bases scored 5 for Braves and the score 5-2 for

the Pirates. He saved the game for Kirby Higbe by allowing only one run in retiring the side.

TWO-RUN HOMER
Frankie Gustine's two-run homer won the big Pittsburgh blow, while Higbe singled home a run himself.

Detroit's Hal Newhouse and New York's Ed Lopat waged a spirited mound duel for 10 innings before the Tigers got to Lopat for four runs in the 11th to win 5-2. It was Hal's fourth straight win and his fifth of the year.

The Yanks lost a chance to sew up the game in the ninth when they got their signals crossed. With men on first and third, they apparently called for a squeeze play and Joe DiMaggio was off for the plate while the pitcher, Hal Niarhos didn't swing, and Joe was easily trapped between

third and home. Two singles, two walks an error by Lopat and Eddie Mauer's double clinched it for the Tigers in the 11th.

KRAMER WINS THIRD
Boston Red Sox edged St. Louis Browns as ex-Browns' slugger Kram was his third game of the year. Doubles by Birdie Tebbets and Don Dickaggio fashioned the winning run in the sixth.

Sten Mual's big bat and Harry Brecheen's pitching arm ended a six-game losing streak for St. Louis Cardinals as they slapped down Brooklyn 4-1 in a night game.

Musial's 11th homer of the year, with Red Schoendienst on base, gave the Red Birds a two-run lead in the first inning. Brecheen took care of the Dodgers the rest of the way with a four-hit pitching job.

Cincinnati's Ewell Blackwell returned to the mound after a month-long layoff with an injured shoulder and pitched the Redlegs to a 6-4 win over the league-leading New York Giants.

Blackwell allowed only two hits in seven innings he worked and struck out nine New Yorkers, losing six walks.

Hank Sauer's 14th homer of the campaign cleared a laundry sign on a 15-story building across the street from the Cincinnati park, and probably is one of the longest hits of the season.

DISTRICT NEWS IN BRIEF

Graduating Class Largest to Date

60 Attend Banquet Preceding High Prairie School Exercises

HIGH PRAIRIE, June 4. — Graduation banquet and exercises were held recently for the largest class in the history of High Prairie high school. The Parish Hall, beautifully decorated in purple and gold, was the scene of the banquet, planned for the graduates, the school board, teachers and parents, 60 in number. The Ladies' Auxiliary of the Canadian Legion did the catering.

HERE'S THE LATEST in fashions for dreaming. This sturdy nightgown, recently displayed in Chicago, is reportedly loved on reports of such creations in Lull's Turner's Transcend.

TESTS CONTINUE IN HANNA AREA

HANNA, June 4. — There are at least eight seismicograph stations operating in the Hanna area.

Three wells are to be drilled here with work commencing very soon. One will be the second for gas, while the other two will be for oil. It is understood equipment is now on the way here for the completion of these wells.

Association Names '48-'49 Officers

STONY PLAIN, June 4. — Regular meeting of the Stony Plain Home and School Association was held recently with president H. Anderson in the chair.

The delegates, Mrs. S. Hadley, Mrs. R. Kenny, Mrs. J. Mohr and Mrs. Davidson reported on the convention of the Alberta Federation of Home and School Associations which they attended at Oids in April.

Officers were elected for the 1948-49 term as follows: President, F. Taitton; first vice-president, Mrs. J. Mohr; second vice-president, Mrs. R. Kenny; secretary, Mrs. S. Hadley; press correspondent, Mrs. A. Jones; program committee, Mrs. C. R. Wood, Mrs. S. Hadley, Mrs. R. Kenny, Mrs. E. Reynolds; lunch committee, Mrs. E. Davidson.

Narrow Escape For Truck Driver

TWO HILLS, June 4. — Andrew Seldan, gasoline distributor here, escaped injury when his truck was involved in a collision with a tractor on a narrow road near Dawson Creek.

The truck, loaded with gasoline, was traveling south when it struck the tractor, which was traveling north. The truck was thrown into the air and landed on its side. The tractor was also thrown into the air and landed on its side.

The driver of the truck, Andrew Seldan, was not injured. The driver of the tractor, however, was injured and is being treated at the hospital.

Minto-Mayo Road To Cost \$400,000

DAWSON CREEK, June 4. — The Minto-Mayo road, which is being built by the Government, is estimated to cost \$400,000.

The road is being built in two stages. The first stage is from Minto to Mayo, and the second stage is from Mayo to Dawson Creek.

The road is being built on a very difficult terrain, and it is expected that it will be completed by the end of the year.

Boy Accidentally Shot by Brother

DAWSON CREEK, June 4. — Edward Kelly, 15, was accidentally shot in the arm by a 30-30 in the hands of his 12-year-old brother. The accident occurred on the Kelly farm at Kilkerran, B.C. The boy is progressing favorably in hospital and will be released shortly.

Rector Accepts Montana Position

HIGH PRAIRIE, June 4. — Rev. P. C. Dickson, of St. Mark's Anglican Church, surprised his congregation on Sunday with the announcement that he has accepted the position of rector at St. James' Protestant Episcopal Church, Lewistown, Montana, and will be leaving here on Aug. 1.

While Mr. Dickson has been here only about one and one-half years, he has been very active in parish work. He has started the AYPA society, and built the new Parish hall.

Mrs. Dickson has acted as Sunday school superintendent and served as an active member of the W.A. No one has been selected to take the place of Mr. Dickson and the work here will be in charge of lay reader H. P. Butler and the vestry until a new rector can be located.

TWO HILLS BOARD IMPROVES STREETS

TWO HILLS, June 4. — The public works committee of the Board of Trade has planned an extensive improvement program for the town this year. The old street lights on main street have been replaced by modern steel supported lamps. Additional lights have been installed in the residential districts and the number of lamps on main street has been tripled.

Town roads have been maintained regularly since the spring thaw and the streets which were almost impassable for several weeks are now in very good condition. The Town council has planned the construction of three blocks of cement sidewalks work on which will begin as soon as materials and labor are available.

WATER SYSTEM COST \$160,000

DIDSBURY, June 4. — Didsbury's new water and sewage system will cost somewhere around \$160,000. Bids from the various firms are now coming in to the town council.

Didsbury Institute Conference June 14

DIDSBURY, June 4. — Didsbury W.I. constituency executive meeting was held at the home of Mrs. Eckel. The conference will be held on June 14 and there will be a handicraft exhibit and a food show.

Ed Wenger, owner of the Bright Spot in Didsbury, has purchased the coffee shop in Carstairs and will operate it also.

Bawlf Board of Trade Plans Annual Holiday

BAWLIF, June 4. — Thirty-six members attended the May meeting of the Board of Trade at which a date was set and plans made for the annual sports day and dance. D. Davies presided.

A. Warren was elected vice-president to fill the office vacated by D. Thorn.

Mr. Davies addressed the meeting, urging the borrowing by the community to build a much-needed new school.

June 30 was chosen for sports day. Conveners for committees are N. J. Thompson, D. Davies, Ole Rogers, W. O. Berg, C. Nelson, A. Warren, W. James, Mrs. D. Robson, D. Robson and C. Ward.

Active support of all the community is solicited and volunteers are asked to contact conveners.

Full program of races, ball games and special events is planned. A Board of Trade refreshment booth operated by ladies of the community will be a new feature.

WCTU Meeting

RED DEER, June 4. — (CPI) — Annual meeting of the Alberta provincial Women's Christian Temperance Union, will be held here June 15 and 17. It was learned yesterday.

DEAF-AND-DUMB BUT GETS JAIL ON PRETENCES

Silence reigned in police court Thursday afternoon as trial of a deaf and dumb man was conducted by writing.

Crest Yurchuk, 20-year-old youth from Chilliwack, B.C. was charged with false pretences.

Police alleged he passed two worthless cheques at city banks on May 20 and 21. Cheques were valued at \$10 and \$25.

Charge was given to Yurchuk in writing. He wrote "guilty" on the sheet.

After hearing evidence, Magistrate Simpson, sentenced the youth to two months at Fort Saskatchewan on each charge.

Terms are concurrent.

Red Cross Seeks Parsons Family

Red Cross officials in Edmonton are seeking a family named Parsons of which James, Thomas, Patrick, Joseph, John and Philip last lived at Camp 600, Apartment 720, and prior to that, Hillside House, Edmonton.

A second enquiry has been received for Marie and Lydia Adams, formerly of R10, south of Edmonton.

Hollway Gets Planning Post

J. H. Hollway, director of surveys for the provincial department of public works, has been appointed director and executive administrator for the Town and Rural Planning Advisory Board.

Hon. D. B. MacMillan, minister of public works has been appointed chairman of the board.

Other members are G. H. N. Monkman, deputy minister of public works, and K. A. McKenna, of the Alberta attorney-general's department.

Ukrainians Seek to Outlaw Labor Progressive Body

GIRL INJURED BY HIT-RUN CYCLIST

A six-year-old girl was injured when she was knocked down by a hit-and-run cyclist Wednesday.

Rosy Baranowski, six-year-old daughter of Baranowski, 97 street, received head injuries and cuts when struck by the bicycle on 97 street.

M'Quaig Heads Drugless Body

S. H. McQuaig, K.C. Edmonton lawyer, has been appointed chairman of the Board of Drugless Practitioners, according to an announcement by the Alberta provincial government Thursday.

Mr. McQuaig will hold his appointment for one year.

Others appointed for one year terms to the new board are G. March, Stirling Hat and the Rev. C. F. A. Clough of Edmonton.

E. Brown, Edmonton, and A. L. Skahan, Calgary, have been appointed for two year terms on the board.

The board will review the qualifications of "drugless practitioners" including physiotherapists and osteopaths, and is empowered to grant or suspend licenses.

Physiotherapists already practicing their profession in hospitals and who are members of the Canadian Physiotherapy Association are exempted from the terms of the legislation.

The bill which became the Drugless Practitioners Act was passed by the legislature last March when Mrs. Rose Wilkinson (S.C. Calgary), herself a registered physiotherapist, protested against the legislation.

Shooting Victim Shows Improvement

Condition of Bernard von Tettenborn, Rimby district shooting victim, is reported as "very good" by University hospital officials today.

Tettenborn was splattered with shotgun pellets and may lose an eye, hospital officials said.

No operation has been performed as yet, they stated.

The Rimby district farmer was believed shot from a minish while he was returning to his farm with a seed drill Tuesday night.

Doctors from Edmonton are investigating.

Home Economist Transferred Here From Westlock

Miss Ruth Whaley, district home economist at Westlock, has been transferred to Edmonton where she will act in the same capacity.

David Lee, minister of agriculture announced at the same time the appointment of Miss Ruth Murray of Lonsdale to replace Miss Whaley at Westlock.

Miss Murray graduated this spring from the University of Alberta and has been acting as student-assistant during summer holidays. In the past, she served with the WICONS during the war.

Delegates were officially welcomed to Edmonton Wednesday night by Hon. C. E. Gernhart, minister of municipal affairs, and Acting Mayor Sidney Parsons.

Previous to the official opening, delegates went sightseeing around Edmonton in city buses.

Features of the program for today are a memorial service for members who have died in the past year, and a conducted tour of the Leduc Oil fields.

The tour has been arranged by the Imperial Oil Co. Ltd.

Tax Collections Show Increase

Collections of arrears of land taxes during the first five months of this year show a healthy 300-per cent increase over the same period last year.

Collections on arrears in the five months ended May 31, 1948, totalled \$229,100.47 compared with \$168,445.12 in 1947.

Business tax arrears collected in the 1948 period amounted to \$12,000.94 compared with \$5,848.22, an increase of 65.45 per cent.

Total of tax collections, both current and arrears, in the five months period of this year was \$1,152,322.60 compared with \$2,805,948.84 for the 1947 period, an increase of 63.94 per cent.

Resolution Calls Group Enemies of Country

Present regime in Soviet Russia constitutes "the greatest menace to world peace," members of the Edmonton Ukrainian-Canadian Committee contend.

The 450 Ukrainians of Canadian origin attending a recent meeting urged the Dominion government to outlaw the Labor-Progressive Party in Canada.

The government of Soviet Russia was branded "terroristic."

Outlawing of the LPP was sought by a resolution winning unanimous endorsement.

The meeting branded the LPP as a "fifth column" which is "not a Canadian political party because it is directed and controlled by Moscow and its avowed purpose is the overthrow of the democratic government of this country."

Federal government was also asked to relax present immigration restrictions and admit to Canada an increasing number of Ukrainian refugees from Germany and Austria.

Resolution states that these refugees comprise "the truly democratic and anti-Communist elements of all classes of the Ukrainian nation in Europe thereby strengthening the anti-Communist element in Canada and contributing to greater cultural, social, and political solidarity of the Canadian people."

Also asked was the broadening of regulations dealing with admission of relatives of Canadian citizens to admit all LPPs whose movement is guaranteed by Canadian citizens.

Canadian government was requested to take immediately the most effective measures to expose and eradicate Communism and Communist activities from our Canadian national life.

Chairman of the meeting was J. J. Lazewski, K.C.

Speakers were Dr. Michael Rosak, lawyer prominent in pre-war Poland; W. Holowick, authority on cooperative movement in Poland; and Mrs. Hrabar, wife of a Polish physician.

All three speakers are recent arrivals from displaced persons camps of Germany and Austria.

Liberals Set Meeting Dates

Dates of Liberal conventions to name candidates for six provincial constituencies were announced today by Harper Prosser, Alberta Liberal leader.

First convention scheduled will be for the Beaver River constituency and will be held at Mallard in the afternoon of June 12.

Candidate to contest St. Paul riding will be chosen at a convention in Banffville on June 18.

The Liberal candidate to contest Willingdon will be named in the town of Willingdon during the afternoon of June 26, and on June 23 an afternoon convention at Hanna will select the Liberal standard bearer for Hand Hills riding.

Liberals of the Sedgewick constituency will choose their candidate during the afternoon of June 21 at Killam, and those from Vermilion will perform a similar function at a meeting in Manville during the afternoon of June 29.

Mr. Prosser said other June dates may be chosen, and revealed the intention of the Liberal executive to hold a nominating convention every day during June.

Ballots in federal constituencies at which delegates to attend the national Liberal convention in Ottawa on August 3 and 4 will be chosen are planned for Peace River at McLean on June 8; Veggieville at Anderson in the evening of June 8; for Sedgewick at Dayland on June 24.

The Liberal candidate will be named for every seat in the provincial legislature, Mr. Prosser said.

SHOPPING GUIDE

Tomato Prices Up; Back Selling at 70c

By Ben Thrifty

Tomato prices are back to where they came from — at the 60c-70c mark.

We've had our fling at the good red fruit of the vine apparently. Or at least until this flood business calms down. Railways report that it will be two weeks, at least, before normal transportation facilities are in working condition again.

Meantime the poor householder bears the brunt of it all.

Much hubbub has been created about this new soap product—Tide. No harm in trying it out though — and you'll pay 25c for a package.

Sweets for the sweet department gives out with the tale of luscious, smooth fudge — selling in one large store for 49c pound.

And just another word on this fruit in vegetables shortage lemons — absolutely unavailable for an indefinite period of time — can be supplemented with tinned lemon juice. Buy it and try it.

Did you know that you could have canned cream — for 32c, 25c — and unsweetened cream — just as it comes to us when bottled by the dairies.

Also (hint to remember is this) — that this is a period the cream should be treated as any other food.

Sliced pineapple is almost an obsession with me — but I just want you to know that you can buy it for 34c a tin now.

Shipping for a bread knife to-day and found one — a dandy — for 49c.

Needed a good "butcher-knife" too and spotted a French-type cooking knife that you can use for almost any type of chopping or slicing.

Had a murderous-looking white blade and cost \$3.95 — but according to all reports a well worth the pennies put on the counter.

Luckiest find of all today was the neatest muffin maker. You can buy corn meal, bran, plain, gingerbread and tea biscuit preparations for prices from 28c to 55c per package.

All you have to do is add water or milk, bake them in the oven about 12 or 15 minutes — and flash — you have delicious, light-as-feather muffins for your supper.

I know they are light-as-feather — because I tried them.

There's gold on the streets these days — but it isn't the kind you mine.

It's gilt-painted flat-heeled shoes that fashion-wise misses are wearing with halberion skirts.

They sell at prices varying from \$1.95 to \$12.95.

Now novelty shoe talk is about the embroidered suede low-cut slippers in black, green and red. These are charming indeed and sell for around 35c.

WHY GROW OLD

Weight Important To Correct Figure

By Josephine Lowman

As I said yesterday posture and muscle tone play a great part in creating a firm building. General health does also. Weight is a factor to be thought of because the bust is one of the first spots to reflect a gain or a loss in poundage.

ACTRESS EVELYN KEYES tries an overhead stroke she uses in swimming. The stroke will develop chest muscles in water or on dry land.

If you are hunching for a loss in the bust through a general loss in weight you would be wise to take back toning exercises while you lose weight. Since you may find it difficult with a little alternate stretching exercises may also be an aid in speeding the loss of fatty deposits in this area.

If on the other hand you wish to increase your bust measure, the overhead stroke, which is used in swimming, will develop chest muscles in water or on dry land.

One arm reaches forward above the surface of the water as the other pulls back under the water. The elbow is bent during the last third of the back stroke.

If you wish to accomplish this, think of the water as a solid mass. You might take to the water this summer and specialize on the crawl, or some other version of swimming. I am going to continue the overhead stroke in the pool.

You can practise it on land although the water provides resistance which is beneficial in building up the muscles of the chest.

One arm reaches forward above the surface of the water as the other pulls back under the water. The elbow is bent during the last third of the back stroke.

One arm reaches forward above the surface of the water as the other pulls back under the water. The elbow is bent during the last third of the back stroke.

One arm reaches forward above the surface of the water as the other pulls back under the water. The elbow is bent during the last third of the back stroke.

One arm reaches forward above the surface of the water as the other pulls back under the water. The elbow is bent during the last third of the back stroke.

Household Arts

By Alice Brooks

Something new and different for your home? Choose this magnificent new kitchen chair set in pineapple design. Its handsome, ever-ready. It's handsome, ever-ready. It's handsome, ever-ready.

Each set will add to the beauty and utility. Pattern 7303, direct from the factory.

Also, improved pattern — ideal with easy-to-use chairs and photos, and complete directions — makes necessary.

Send twenty-five cents in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street, W., Toronto, 1-A. Ont. (Please allow a week or 10 days for delivery.)

Fashion Showing

Scarves, Blouses

MONTREAL, May 28.—(C.P.)—It was scarves, scarves everywhere today at a Montreal fashion show.

Used to have scarves to have dress or sportswear—these continue to be the fashion.

The scarves themselves were colorful affairs with such descriptive names as "Barbershop Quartette," "Cuckoo," "All's Fair in Love" or flower designs in vivid or pastel hues.

For evening, a large stole-style scarf of bright green with cross-stripes of burnt orange and brown could be worn as a head-covering or as a hot-weather wrap. Squires for evening wear were printed with a tracery of gold on white or silver on pastel shades.

In contrast with the scarves, blouses were demure affairs with high, round necklines.

step instruction in learning to swim the crawl, send a stamped, self-addressed envelope with your request for leaflet No. 32 "Learn To Swim." Address Josephine Lowman in care of this newspaper.

YOUR BABY AND MINE

Early Feeding Is In Transitional Period

By Myrtle Meyer Eldred

The mother who is eager to nurse her baby needs to be encouraged past that early period of nursing which is apt to be uncomfortable or disappointing.

Mrs. H. D. writes on this subject, "In the old days bottle-fed babies were practically unknown."

"The baby was born at home, put by the mother's side and nursed when hungry. In these days there were no schedules; so that frequent nursing kept the supply active."

"Nowadays, in the hospital the baby is brought to the mother, if it should happen that the baby sits

up its feeding, then it would have to cry, or get fed in the nursery, but it wouldn't be brought back to the mother."

"Most nurses don't like to be bothered with breast-pumps when the mother's breasts are over-full,

DOROTHY DIX SAYS—

Greedy Mates Cause Unhappy Marriages

The trouble with married life is that there isn't enough reciprocity in it. If it was a fair trade in which each party gave the other a square deal and in which they vied with each other in generosity, there would be no disgruntled husbands and wives crying out that marriage is a failure, and no more unhappy homes.

But as it is, marriage is only too often a skin game, in which a man and woman each deliberately set out to get the best for himself or herself and to monopolize all of the pleasures and perquisites of the holy estate.

And invariably the one who wins out is the hardest boiled, who is the most selfish and grasping and who has the least heart and conscience.

Sometimes it is the husband who grabs off all the best for himself and leaves all the work and sacrifice for his wife.

We all know men who wear the most expensive clothes, smoke the finest cigars, belong to good clubs and have the reputation of being big spenders, while their wives are shabby and never have a dime that they can call their very own.

We all know men who never think of spending an evening at their own fireside, yet who rail at Cain if their wives step out to the movies with a neighbor woman.

We know men who are born philanthropists, but who would consider themselves grievously ill-used if their wives even looked at another man.

We know men who feel that home is just a place where they can vent all of their bad temper and general crudeness, yet who think that their wives should always be bright and cheerful.

WIFE GREEDY, TOO

Just as often the wife is the greedy one who takes all of the fun and frothing of the matrimonial

and they are not inclined to bring enough fluids for the mother who is trying to establish a breast supply.

"If the new mother has caked breasts or bleeding nipples or if she has 'after-birth' pains with the

Druggists Hear Dr. B. M. Wheeler

Dr. B. M. Wheeler was guest speaker at the final meeting of the season of the Edmonton Detail Druggists' Association held recently. He spoke on his experiences as a medical officer in a Japanese prison camp.

Musical selections were presented by members of the staff of radio-station CFRN. Miss M. Deniston presented piano selections, and Miss M. Turgeon and G. Forster, vocal numbers.

O. Philpotts presided.

ter years of experimentation. All breast-fed babies were not well nourished even in those good, old days we tend to glorify in.

Our leaflet No. 4, "Information For Nursing Mothers," may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

This is all fine and breast-feeding should become increasingly popular.

But, if a baby cannot be nursed properly nourished at the breast, it is fine that we have such simple, excellent formulas worked out at

ETHEREAL WHITE GOWN was chosen by Mrs. James Arthur Wylie, for her recent wedding in Holy Trinity Church. The bride is the former Vivian Viola Riley, daughter of Mrs. V. T. Riley and the late Mr. Riley. The bridegroom is the son of Mr. and Mrs. C. Wylie of Edmonton.

Dr. Marie Hammer On Way to Northland

Danish Scientist Travels North For Small-Animal Research Work

By Margaret Weir

A foreign country. A few contacts, but no friends. A new and somewhat baffling language.

Such is the situation confronting Dr. Marie Hammer, of Copenhagen, Denmark. Charming and friendly, the Danish woman is visiting in the city before flying to Aklavik and Coppermine.

In the northern country Dr. Hammer will don akks and skirt, unspool her mosquito netting, set up her instruments and begin to work. For it is as a scientist doing research work in the Canadian north country that Dr. Hammer has come to America.

Dr. Hammer won a fellowship offered by the Arts Institute of North America which is enabling her to do research work in Arctic countries.

Great quantities of luggage will go northward with Dr. Hammer Saturday. But the bags contain instruments and chemicals, not clothes.

For two months the enthusiastic woman will collect small animals, chiefly wingless insects. These she will classify in an effort to determine the differences and similarities between specimens in Europe, Greenland and Canada.

But her work will not be completed when she returns from Aklavik. Dr. Hammer will again travel northward, this time to the district near Hudson's Bay.

After more than three months of research work in Canada the Danish woman will leave America for either Cambridge, King, or her home in Copenhagen. With her will go a collection of animals, fruits of her summer's work.

But Dr. Hammer is not only a scientist. She is a wife and mother of four children, Karen, nine years, seven, illegitimate, six, and Peter, 18 months.

Her family is behind in Copenhagen where her husband is chief of research for the Danish government.

Next a score in her immediate cotton material not on the market. More goods are rationed today than they were during the war years, for much is exported.

Eastern cities are very beautiful in the opinion of the Canadian visitor. As for Edmonton, she finds it bustling with activity.

Mrs. T. Fyfe Entertains For Bride-Elect Daughter

Lilies decorated the home of Mrs. Thomas Fyfe when she entertained recently at a trousseau tea to honor her daughter, Isobel Fyfe. Miss Fyfe is a bride-elect on Saturday.

To receive her guests Mrs. Fyfe wore a beige dress with corsage of Fallisay roses. Mrs. E. H. Bailey, mother of the bridegroom-elect, chose a two-piece black dress complemented with a corsage of white carnations.

The bride-elect was tricked in a navy blue and rose-printed dress with gardenia corsage.

Freelancing at the tea, Mrs. Fyfe presided at a table set in lace and centred with a bowl of mauve and white waxed roses, with Mrs. Alex Courlay and Mrs. George Finlay.

Atcheller, Shirley Atkinson and Florian Fyfe. Mary Shaw was soloist.

Kerica Hains was in charge of the guest book and showed the trousseau.

During the evening Mrs. Clyde Smith and Mrs. J. B. Jackson poured tea, while Kathleen Pollack and Dorothy Ower assisted in serving.

Concert Proceeds For Church Annex

Variety concert will be held in Chalmers United Church Friday at 8 p.m.

Proceeds will be used for the fund for the enlargement of the church annex.

Among those participating will be Jack Jones, W. Stone, Leonard Ellsion, Gordon Samuelson, Gordon Schaefer and Hope Gordon Richardson.

Among those participating will be Jack Jones, W. Stone, Leonard Ellsion, Gordon Samuelson, Gordon Schaefer and Hope Gordon Richardson.

SOCIAL AND PERSONAL

Isobel Fyfe, Bride-Elect Feted at Pre-Nuptial Parties

In compliment to Isobel Fyfe, bride-elect of Saturday, Mrs. J. B. Jackson was a recent tea hostess.

Dorothy Smith entertained at a linen shower at the home of her parents to honor the bride-elect. Guests were classmates of Miss Fyfe.

On another occasion a no-hostess party was held at the Macdonald hotel when the bride-elect was presented with a gift of silver.

To honor Miss Fyfe Mrs. J. Dorsey was a recent hostess when she entertained at a miscellaneous shower. Dorothy Ower entertained at a coffee party at the home of her parents, Dr. and Mrs. J. J. Ower, in honor of Miss Fyfe.

Elizabeth House Anniversary Tea

Members of local branches of Church Women's Associations have been invited to serve at the silver tea to be held in Elizabeth House, 11717 93 street, Saturday from 2:30 to 5:30 p.m.

The tea, sponsored by the Elizabeth House Guild, is being held to celebrate the second anniversary of the home for elderly women.

Countess De la field is convener, assisted by Mrs. C. E. Ross and Mrs. R. Splisted.

Guests will be welcomed by Sister Isobel of the Anglican Order of the Society of St. John the Divine.

To honor Gwen Bodmark, bride-elect of June, Mrs. G. Davis entertained at a miscellaneous shower recently. Gifts in a decorated tub were presented to Miss Bodmark.

Mrs. Dorothy Noble entertained at the tea hour recently in compliment to Mary Gertrude Kehoe, Saturday bride-elect. Miss Kehoe was presented with a gift of china.

Complimenting Mary Macdonald whose marriage to James Wilson takes place June 12, Evelyn Miller was a recent shower hostess. Miscellaneous gifts were presented to Miss Macdonald from the eight guests.

Lilac tea will be held by Knox United Church Women's Missionary Society in the church hall June 11 from 3 to 6 p.m.

Sale of home cooking will be held.

Mrs. L. G. Chitt of Toronto and Mrs. W. Kerr of Toronto, formerly of Edmonton, were guests of honor when Mrs. James Hutton entertained at tea at the Mayfair Golf and Country Club recently.

In honor of Miss Shirley Dowling, whose marriage is an event of Saturday, Miss Helene Wilkins and Miss Beth Scott entertained at a shower Wednesday at the home of the latter.

The 15 guests presented the bride-elect with gifts of linen.

In honor of Miss Gene Noble, whose marriage to Dr. Brock Armstrong is an event of mid-June.

Dr. D. G. McQueen, Chapter, 1018E, held the last meeting of the season recently in the St. John's Ambulance headquarters.

Chapter will subscribe to the tea fund, newly organized for the purpose of buying shoes to send to Britain.

Mrs. J. E. Nix was welcomed as a new member. Mrs. C. W. Christensen, regent, presided.

Through the LOOKING GLASS

Don't expect darker shades of sheer stockings to hide a need for more meticulous leg grooming.

The glamorous effect of legs veiled by smoky-toned sheers will be spoiled if stubby hair or skin discolorations are allowed to show through.

Before sliding on gossamer sheers, groom legs for their public appearance.

Excess hair can be whisked away by shaving a well-lathered skin.

Or you can try one of the creamy depilatories which banishes hair and leaves skin soft and smooth.

Skin discolorations may be masked by an opaque cream make-up base. Blend the concealing film well into the skin so that make-up can not be detected.

Under the heading of chemical depilatories are various pastes and creams which are potent enough in their action to destroy the superfluous hair.

After a depilatory is applied, a dull blade may be used to scrape off the unwanted hair on the skin in a procedure which is very much like shaving.

A riposte to the chemicals do what they can. For that reason it is a wise precaution to use the cream to give herself a small patch-test and wait a day or two to determine the skin's reaction before proceeding with the treatment.

For a smooth technique of putting on liquid stockings, use the mitt method.

For that, strap a velvet powder puff to your hand. Then pour enough liquid make-up into a saucer for one application and dip in mitt to soak up the stuff.

Apply mitt to leg using circular strokes—inside-out.

The use of the mitt almost guarantees uniform coverage with no overlapping—providing you watch when you're doing it.

After using the mitt—hang it up to dry. Do not use again simply moisten it with water.

Royal Alex Alumni Plan Grocery Shower

Alumni Association of the Royal Alexandra Hospital will hold a regular meeting in the Nurses' Residence Monday at 8 p.m.

Members are reminded of the grocery shower and of the donations shower for the annual bazaar. Social evening will be held.

Bernice Macleth was soloist and Dorothy Smith showed the trousseau and was in charge of the guest book.

Thorough Study Of Manitoba Power Bill Suggested

OTTAWA, June 4. — (CP) — Senator T. A. Crerar (Manitoba) called yesterday for thorough parliamentary consideration of a bill that would allow the Manitoba government compulsory to take over private power projects in the province.

Although piloting the bill himself, he told the senate that "quite frankly, as a point of principle, I don't like the idea of giving such extraordinary powers to the executive arm of governments."

He did not intend to suggest that the Manitoba government would deal unfairly with the Winnipeg electric company or the city of Winnipeg in taking over their hydro-electric power plants under the plan to bring all power projects under one authority. However, he did think its right could well be held to agreement or expropriation.

Naval Blockade Protested By U.S.

WASHINGTON, June 4. — (AP) — The state department forecast yesterday that the United States will file a new protest against the naval blockade of Palestine proclaimed by Egypt, Syria and Lebanon. Press officer Michael J. McDermott said Egypt's reply to the initial American protest is unsatisfactory.

"I'm glad you're home, dear! While your clothes are wet will you see what you can do about that drain in the basement?"

Cancelling Empire Treaties Opposed

Tories Against Abandoning Commonwealth Preference

By John Leblanc

OTTAWA, June 4. — (CP) — A warning against chopping off Empire agreements in favor of trade with the rest of the world came to the Commons yesterday from the Progressive Conservative party.

John Diefenbaker (PC, Lake Centre) cautioned the house against giving any government minister power to abrogate the Commonwealth trade agreements without the consent of parliament.

Opposing a clause in a government bill to implement a section of Canada's Geneva trade agreement, Diefenbaker said it would empower the government to knock out British preferences without reference to parliament.

LATER CONSIDERATION

After hearing Diefenbaker's protest, external affairs minister St. Laurent agreed to let the clause stand for later consideration.

The clause, amending the Customs Act, would allow the customs to deal with British goods on the same basis as those from other countries, for certain purposes. Ministerial discretion is permitted for these purposes, which follow along lines of the Geneva agreements.

SAID MAIN FAULT

On the Customs Act bill, Diefenbaker said passage of this particular bill, dealing with only a segment of the Geneva agreement, was asked without the whole agreement being before parliament.

But he claimed the main fault lay in the discretionary powers given ministers.

If the bill was passed, he said, the house would have decided that ministers were to be allowed latitude in interpreting customs regulations. Ministers would be given power to legislate the country out of the British preferences.

MP Doubts Tourists Help Dollar Shortage

OTTAWA, June 4. — (CP) — A. L. Smith (PC-Calgary West) indicated in Commons last night that he believes that tourists from the United States are not helping Canada to solve her shortage of U.S. dollars.

He said American tourists buying Canadian dollars on U.S. currency markets for 88 or 90 cents.

"So when we say American tourists are helping our dollar situation, it is a lot of nonsense, isn't it?" he asked.

FAILS TO AGREE

George McIlraith, parliamentary assistant to Trade Minister Howe, said he could not agree.

Possibly some tourists bought Canadian dollars in the United States, but most did not.

The discussion occurred on a bill amending the Dominion Bureau of Statistics Act.

McIlraith said the bureau compiled figures showing the number of American tourists and the number of U.S. dollars spent.

Smith asked if the bureau could say how many American dollars have been saved as a result of the imposition of a 25-per-cent excise tax last November on a lengthy list of goods made in the U.S. or containing U.S. materials.

McIlraith said that such statistics, if available, would come from the finance department.

Do you mean to say there is a

POLICE DOG GETS HIS DIPLOMA, TOO

ASSONET, Mass., June 4. — (AP) — "Butch" is officially listed among the 11 graduates of this village's grammar schools who will get a diploma.

And for a police dog, that's pretty good.

Mrs. Lucy Terry, teacher of the graduation class, says:

"His name appears last on the list of graduates—but that doesn't mean he trails in marks for intelligence."

"Butch" has had a perfect record for attendance.

"Butch" suffered a severe gash in his paw a few years ago, was taken to the schoolhouse for treatment.

He liked it there so well, he reported for classes after recovering.

St. John Groups In Calgary Merge

CALGARY, June 4. — (CP) — Official amalgamation of the St. John Ambulance Association and the St. John Ambulance Corps in Calgary under one governing body was announced last night. The new body will be known as the Calgary Council of St. John Ambulance. Lt.-Col. G. W. Harold Millican was elected president.

Action Is Planned On Sex Offenders

OTTAWA, June 4. — (CP) — Justice Minister Irlay indicated in the Commons yesterday action will be taken to curb mentally-deranged sex offenders.

During study of amendments to the Canada Evidence Act, he said he will make a statement "on the question of psychopathy" when proposed changes in the Criminal Code are introduced shortly.

Conceding that it may not go as far as opposition members had suggested, he said it would be an "attempt" to deal with sex offenders.

He spoke after John Diefenbaker (PC-Lake Centre) urged the government to amend the code to provide that offenders might be sent to provincial mental hospitals or to reformatories for treatment, rather than to prison.

Memorial Fund

WINNIPEG, June 4. — (CP) — The memorial fund established to aid the widow of Canon John Turner, Anglican clergyman killed in an Arctic shooting accident last year, now stands at \$15,800. Dr. H. Speechly of Winnipeg, a trustee, said yesterday.
